Sleep Hacked Claire Donnelly, 2025-07-15 You're doing everything right but you still wake up tired. It's time to hack your sleep. *Sleep Hacked* is not another generic book telling you to avoid screens or drink chamomile tea. Instead, Dr. Alex Thorne, a leading voice in biohacking and human optimization, delivers a precision-based blueprint for transforming your rest into your ultimate performance enhancer. Through a science-backed, personalized protocol, you'll uncover how to fine-tune your sleep environment, leverage your chronotype, hack your hormones, balance blood sugar, and eliminate sleep disruptors once and for all. This comprehensive, cutting-edge guide teaches you to decode your unique sleep architecture and identify key disruptors. Implement the blue light blockade and master light timing. Optimize your sleep sanctuary: temperature, air quality, sound, and more. Use food supplements and technology to align your biology. Quiet a racing mind with breathwork, mindfulness, and journaling. Build a custom sleep stack based on data, not guesswork. Whether you're a high-achieving professional athlete or health-conscious biohacker, *Sleep Hacked* will empower you to reclaim your nights and supercharge your days, starting tonight.

Sleep Hacks Keith Barry, 2024-09-19 Harness the power of your mind for better sleep. Renowned brain hacker Keith Barry has spent his career mastering the science of hypnosis and sleep, aiding countless individuals in overcoming damaging sleep patterns while establishing new, beneficial habits. Now he wants to help you. In this transformative programme, Keith unveils his unique approach, integrating hypnosis, neuroscience, and brain hacking techniques to assist anyone who is struggling to attain deep, revitalising sleep. With this truly life-changing book, you will not only understand the mechanics of your sleep patterns but will also possess the tools to rewire your brain for a restful and rejuvenating night's sleep.

The Sleep Code Marco Guimarães, 2025-09-30 Unlock the transformative power of sleep with *The Sleep Code*. A Data-Driven Guide to Waking Up Refreshed. Written for achievers, biohackers, and anyone who values well-being, this comprehensive guide delivers cutting-edge science, actionable strategies, and powerful personal routines to revolutionize your nights and your days. Discover why sleep is your ultimate performance tool and how the quality of your rest impacts your mind, body, and productivity. Through clear explanations, you'll learn the science behind sleep cycles, how wearable technology can reveal hidden patterns, and why one-size-fits-all advice fails to produce real change. Inside, you'll find step-by-step guidance through understanding the deep architecture of sleep stages (NREM, REM, deep sleep), tracking and analyzing your personal sleep data for lasting improvements, transforming your bedroom and nightly environment for maximum recovery, mastering nutrition, exercise timing, and stress management for better rest, building a consistent sleep routine tailored to your life, harnessing the benefits of naps, recovery breaks, and digital detox, real-life tips, science-backed routines, and a customizable sleep code plan. Whether you're struggling to fall asleep, waking up tired, or seeking a sustainable edge in your personal and professional life, *The Sleep Code* gives you everything you need to move from exhaustion to high energy, starting tonight. Transform your life by mastering the science of sleep. Sleep smarter, live better, and take control of your energy and mood.

Time, Law, and Change Sofia Ranchordás, Yaniv Roznai, 2020-04-16 Offering a unique perspective on an overlooked subject the relationship between time change and lawmaking this edited collection brings together world leading experts to consider how time considerations and social political and technological change affect the legislative process the interpretation of laws the definition of the powers of the government and the ability of legal orders to promote innovation Divided into four parts each part considers a different form of interaction between time and law and change The first part offers legal theoretical and historical perspectives on the relationship between time and law and how time shaped law and influences legal interpretation and constitutional change The second part offers the reader an analysis of the different ways in which courts approach the impact of time on law as well as theoretical and empirical reflections upon the meaning of the principle of legal certainty legitimate expectations and the influence of law over time The third part of the book analyses how legislation and the legislative process addresses time and change and the various challenges they create to the legal order The fourth and final part addresses the complex relationship between fast paced technological change and the regulation of innovations

Rude Awakenings from Sleeping Rough Peter C. Mitchell, 2020-12-01 This is a story that the charities don't want you to read This is the fate that can befall any of us that you don't want to acknowledge For years you have passed them on the streets as much a part of your routine as your morning shower your half hearted scan of the world's news fake or otherwise and the barista who artistically crafts the 4 cappuccino with soya milk three drops of vanilla and a flutter of chocolate sprinkles that has to be made just right or it throws your day off in ways that nobody else understands You see them as often as you see your own family The disenfranchised The rough sleepers The homeless Camped out and befouling the sidewalks and alleyways of your daily commute their worldly possessions such as they are spread around them as dirty and worn out as the sleepers themselves but as valuable to them as your 100 brogues are to you Occasionally you get the urge to throw some loose change at them as a gesture of magnanimous humanity but when push comes to shove you would rather tip the honest hard working barista who ensures your day gets off to a proper start Better to support the successful rather than throw good money after bad trying to keep the great unwashed afloat You have conditioned yourself to look through them allowing your eyes to pass over them without actually seeing them A defeated acceptance of lives gone wrong uncomfortable reminders of what can happen when the best laid plans of mice and men go horribly awry Thank god I'm not like them you think sipping your 4 cup of liquid gold I could never let that

happen to me Until suddenly inexplicably it does And you discover the life you have built was nothing more than a house of cards that crashed down around you with frightening ease A spate of bad luck a poor decision or two and the ubiquitous circumstances beyond your control conspire to create a perfect storm of events that leaves you cast away on the streets feeling dazed disjointed and damned This is Peter C Mitchell s story But it could be your story Not to mention the thousands of others past and present that have found themselves broken behind closed charity doors Theirs are the stories that need to be heard To be read
