You Should Quit Reddit Jacob Desforges,2023-02-21 In recent years countless books articles and documentaries have addressed the negative effects that social media platforms have wrought on their users and society However these former works are incomplete nearly no attention has been paid to Reddit one of the most popular websites in the world Reddit is certainly unique among social platforms but its potential for addiction and darker side of nefarious activity should absolutely not be understated Additionally nearly no actionable advice has been provided to users of these

platforms The audience is told that these websites and apps are harming their mental health wasting their time and that they are addictive which would logically make the task of quitting rather difficult but then provided zero guidance on how to disconnect from them Over 200 000 users gather on Reddit s r NoSurf community to discuss reducing their internet use the forum is filled with reports of people who want to quit Reddit but find themselves psychologically compelled to return to the site over and over For moderate to heavy users of these platforms quitting is clearly not so simple You Should Quit Reddit is a paradigm shift in the genre Jacob Desforges was a Reddit user of over a decade and a self admitted Reddit addict who spent on average around three hours daily on the site Not only is this the first book investigating Reddit s flaws as a platform but it is also written from the perspective of someone who experienced firsthand the struggle that comes with quitting these addictive platforms This book therefore also provides readers with the practical advice tools and techniques needed to shatter the cycle of digital addiction enabling them to quit visiting Reddit and other time wasting websites for good so they can effectively reclaim their time to use in a more intentional manner

Illustrated Field Guide to DMT Entities David Jay Brown, Sara Phinn Huntley, 2025-02-25 Examines 25 of the most commonly encountered DMT entities from machine elves and fairies to insectoids, Reptilians, and divine beings such as Grandmother Ayahuasca. Discusses each entity in depth, including people's encounters with them from trip reports and scientific studies, descriptions of how the entities appear and behave, and communications or teachings they impart. Features visionary art by Sara Phinn Huntley and other artists including Alex Grey, Andrew Jones, Luke Brown, Juliana Garces, Erial Ali, and Harry Pack. One of the features consistently noted by visitors to the hyperspace realm invoked by DMT is the existence of many different entities. In this full-color illustrated handbook for understanding the intelligent alien species of hyperspace, psychedelic explorer David Jay Brown and visionary artist Sara Phinn Huntley explore 25 of the most commonly encountered DMT beings and ayahuasca spirits from self-transforming machine elves, ancestor spirits, tricksters, and metallic spheres to insectoid mantis beings, reptilians, gray aliens, nature spirits, and divine beings such as the Virgin Mary, Gaia, angels, Grandmother Ayahuasca, and deities from Hindu, Egyptian, and South American spiritual traditions. Profiling the DMT entities in the style of a naturalistic field guide, complete with evocative illustrations by Huntley and other artists such as Alex Grey, Andrew Jones, Luke Brown, Juliana Garces, Erial Ali, and Harry Pack, the authors discuss the entities in depth, including people's encounters with them, descriptions of how they appear, and summaries of the communications they impart. They explore whether these beings are generated by our minds or if they exist independently of the DMT trip. Providing a comprehensive exploration of this world, this guide seeks to describe the alien residents of interdimensional space and help people who have encountered DMT beings integrate their experiences. **The Rough Guide to Social Media for Beginners** Rough
