Der Spiegel Rudolf Augstein, 2020 **Racist Stereotypes in Childish Gambino's song "This is America". Reproduction or Dismantling?** Jessica Meier, 2023-01-18 Bachelor Thesis from the year 2022 in the subject American Studies Culture and Applied Geography grade 1.7 University of Koblenz Landau Anglistik language English

abstract This thesis poses the research question whether Donald Glover reproduces or dismantles racial stereotypes in the music video This is America In order to get to the root of this question one first must understand the concept of racism and the purpose racism fulfils in the social system of the United States Then the racist stereotypes need to be elaborated because they are only visible and perceptible when known Because of the male biased gender statistics and the fact that Donald Glover as a black man is the main protagonist of the video the representation of black masculinity is an interesting additional aspect to be illuminated especially regarding the hip hop genre of the song In the analysis the music video is examined based on the semiotic approach and the theoretical foundation Finally a conclusion to the research question is drawn based on the multifaceted results A music video that can hardly be surpassed in semiotic richness is This is America by Donald Glover released under his pseudonym Childish Gambino The music video tackles gun violence systemic racism slavery and juxtaposes jaunty images of dancing school children with shocking scenes of Gambino shooting a black man and gunning down a black choir While the music video features the aforementioned racist stereotypes the effect on the viewer is peculiar The video has provoked a strong social reaction and has been highly discussed in the media after the death of George Floyd in May 2020 and the resulting protests the song has become the anthem for people posting footage of the protests on TikTok Until January 2021 the video was watched 750 776 033 times vinyl records of the song are sold for 418 on eBay The topic and therefore the video itself has not lost significance today and goes on like the echo of a disturbing American history The song has become a worldwide phenomenon following numerous analysis and interpretations of the innumerable obvious and unapparent images and this thesis does not foresee to reproduce such an analysis but to take a closer look at the racist stereotypes the video alludes to and on how they are used Many of the stereotypes elaborated by Bogle 2016 as well as more generalized attributions of black masculinity in hip hop culture are represented in the video but differ strongly from typical music videos in this genre in the widespread reception which leads to the question of how stereotypes are embedded here

America Second Isaac Stone Fish, 2022-03-01 A timely provocative exposé of America's political and business leadership's deep ties to China a network of people who believe they are doing the right thing at a profound and often hidden cost to American and Western interests The past few years have seen a shift in the relations between China and the United States from enthusiastic economic partners to wary frenemies to open rivals Americans have been slow to wake up to the challenges posed by the Chinese Communist Party Why did this happen And what can be done about it In America Second Isaac Stone Fish traces the evolution of the Chinese Communist Party's influence in America He shows how America's leaders initially welcomed China's entry into the US economy believing that trade and engagement would lead to a more democratic China And he explains how despite the fact that this belief has proved misguided many of the country's businesspeople and politicians have become too dependent on China to challenge it America Second exposes a deep web of Chinese influence in America built quietly over the years through prominent figures such as former secretaries of state Henry Kissinger and Madeleine Albright Disney chairman Bob Iger and members of the Bush political dynasty And it shows how to fight that influence without being paranoid xenophobic or racist This is an authoritative and important story not only of corruption but of misplaced intentions with serious implications for the future of the United States as well as for the world at large
