Computerworld, 1999-07-19 For more than 40 years Computerworld has been the leading source of technology news and information for IT

influencers worldwide Computerworld's award winning Web site Computerworld.com twice monthly publication focused conference series and custom research form the hub of the world's largest global IT media network *De Gruyter Handbook of Media Technology and Innovation* Richard A. Gershon, 2025-01-27 The De Gruyter Handbook of Media Technology and Innovation brings together scholars from around the world to provide key insights on emerging technology trends and issues related to the fields of media management information technology product design planning and digital lifestyle This handbook is about the power of good ideas It's about those business enterprises government planners educators and entrepreneurs that have harnessed the power of good ideas to become real difference makers in the world we live in Keeping pace with fast paced technology change requires ongoing assessment and reassessment of the media management and technology fields to address important questions and emerging issues A major premise of this book is that given the complex and ever changing state of media technology we have a responsibility and obligation to engage in a broader interdisciplinary dialogue whose purpose is to understand the current and future state of media technology and innovation as well as to appreciate the social impact that such technologies have on business education and the general public Forecasting the future as any weatherperson or stock broker can tell you is a risky business But in this book we use the phrase the creative next step as a way to talk about the future and what we can expect in terms of the opportunities and challenges going forward Illegal Online File Sharing, Decision-Analysis, and the Pricing of Digital Goods Michael I. C. Nwogugu, 2016-11-03 Illegal online file sharing costs companies tens of billions of dollars of lost revenues around the world annually and results in lost productivity various psychological issues and significant reduction of incentives to create and innovate Legislative technical and enforcement efforts have failed This book presents psychological theories about why people illegally share files online analyzes and characterizes optimal sanctions for illegal online file sharing introduces new models for pricing of network access and digital content to help reduce illegal online file sharing introduces new content control and P2P systems and explains why game theory does not work in pricing of network access **Sweet Temptations and the Surprise Billionaire** Tabitha Foster, 2014-11-28 Always the baker never the bride Ambitious and fresh faced beautiful Liliana McCrory has spent the last couple of years entirely concentrated on building her business baking elaborate gourmet wedding cakes Just when Liliana's almost all but given up on the idea of romance in her own life she literally runs into the dapper best man at her most high profile wedding while carrying a tray of strawberry shortcakes Despite the instant spark with the mystery man the appearance of his fianc e by his side quickly dashes any thoughts of potential romance Technology innovator and billionaire Cole Montgomery always puts family first After the passing of his beloved wife Katherine he focused on rebuilding his family and giving his young son Jackson a new mother figure by becoming engaged to the high school sweetheart he recently reconnected with However a chance meeting with the radiant natural beauty and business savvy Liliana at his best friend's wedding plants seeds of doubt about his upcoming nuptials When Cole hires Liliana

to bake the cake for his own wedding the two find themselves undeniably drawn to each other As a surprising connection between the two is revealed will Cole and Liliana listen to the voice in their hearts or risk missing out on the chance at a great love
