The Romance of Science: Essays in Honour of Trevor H. Levere Jed Buchwald, Larry Stewart, 2017-07-04. The *Romance of Science* pays tribute to the wide-ranging and highly influential work of Trevor Levere, historian of science and author of *Poetry Realised in Nature*, *Transforming Matter*, *Science and the Canadian Arctic*, *Affinity and Matter*, and other significant inquiries in the history of modern science. Expanding on Levere's many themes and interests, *The Romance of Science* assembles historians of science, all influenced by Levere's work, to explore such matters as the place and space of instruments in science, the role and meaning of science museums, poetry in nature, chemical warfare and warfare in nature, science in Canada and the Arctic, Romanticism, aesthetics and morals in natural philosophy and the dismal science of economics. *The Romance of Science* explores the interactions between science's romantic, material, institutional and economic engagements with Nature.

Cymbeline William Shakespeare, 2005-03-10. The New Cambridge Shakespeare appeals to students worldwide for its up-to-date scholarship and emphasis on performance. The series features line-by-line commentaries and textual notes on the plays and poems. Introductions are regularly refreshed with accounts of new critical stage and screen interpretations. Edited and introduced by Martin Butler, this first New Cambridge Shakespeare edition of *Cymbeline* takes full account of the critical and historical scholarship produced in the late twentieth century. It foregrounds the romance, tragicomedy and Jacobean stagecraft that shape the play and offers a refreshingly unsentimental reading of the heroine, Innogen. Butler pays greater attention than his predecessors to the politics of 1610, especially to questions of British union and nationhood. He also offers a lively account of *Cymbeline*'s stage history from 1610 to the present day. The text has been edited from the 1623 Folio and features a detailed commentary on its linguistic and historical features.

The Romance of the Fungus World

R. T. and F. W. Rolfe,2014-11-18 Mankind has always had a love hate relationship with fungi On the positive side edible mushrooms and truffles are gastronomic delights and certain fungi possess medicinal properties On the other hand many mushrooms are poisonous and fungi can inflict costly damage on crops and other property This captivating book explores both sides of the story examining aspects usually overlooked in texts and field guides The survey begins with fungi lore from mythology and legends focusing particularly on the plants association with devils witches and fairies A balanced portrait of fungi in the real world considers not only the ruin caused by the plants but also their uses in medicine and industry and as foods Ranging far and wide in its topics the narrative offers a light touch and plenty of enthusiasm making this book fun for everyone with even a casual interest in mushrooms In addition serious mushroom hunters will find this volume a practical reference and a fascinating resource for leisurely browsing

The Clansman: An Historical Romance of The Ku Klux Klan Jr. Thomas Dixon,2024-04-29 The Clansman An Historical Romance of the Ku Klux Klan into one of the most

controversial periods in American history weaving a tale of post Civil War turmoil and the struggles that defined the

Reconstruction era Thomas Dixon Jr presents a dramatic narrative of a divided nation exploring themes of power loyalty and vengeance against the backdrop of a South undergoing radical transformation Through its gripping storytelling the novel aims to portray the social upheaval following the war where justice identity and historical change collide A gripping historical novel that vividly captures the South s struggle during Reconstruction Dixon s writing style is dramatic and engaging making this a compelling read for those interested in historical perspectives on post war America The novel is undeniably well written with strong character development and intense storytelling However its controversial themes require a critical reading approach to fully grasp its impact on history and literature A powerful but deeply polarizing book While it provides insight into the historical tensions of Reconstruction it must be read with an understanding of its biases The storytelling is immersive though at times unsettling While the book offers a dramatic depiction of Southern struggles after the Civil War its portrayal of certain groups is problematic As a historical artifact it s significant but readers should approach it critically

Romance in the Digital Game Amy Brierley-Beare,2025-09-30 In the last decade the popularity of romance in the AAA game has exploded It has become an expectation for major releases and a regular object of fan obsession High profile games such as Baldur s Gate III 2023 Cyberpunk 2077 2020 and Starfield 2023 prominently feature in game romance in their multimillion dollar promotional campaigns Moreover rampant speculation by gaming journalists and fans about who is romanceable will regularly accompany the announcement of a new title However representations of romance have long been under examined and vaguely defined by scholars This leaves important questions unanswered How does the digital game mediate cultural attitudes towards love and sex How can we classify representations of romance in the digital game Does romance simply replicate existing hegemonies surrounding gender and sexuality or does it offer a space for transgressive play Book title positions optional romance in the AAA game as a central object of analysis Based on the close analysis of some of the most commercially and culturally significant games of the last 30 years like Grand Theft Auto IV 2008 the Mass Effect series 2007 21 and the Elder Scrolls series 1994 2024 it is the first full length monograph to effectively and comprehensively categorise how mainstream gaming asks its audience to engage with romance It interrogates the idiosyncrasies of romance in the popular games to provide fresh insights into messaging surrounding normative social understandings of love sex and intimacy By theorising four representational categories of romance Limerent Physical Domestic and Ludic Automatic Love introduces a new theoretical framework for scholars to understand romance gender and sexuality in gaming
