The Complete Idiot's Guide to Walking For Health Erika Peters, 2000-03-01 You're no idiot of course. You've been meaning to get on track to a happier, healthier life and you've heard that walking burns the same amount of calories as jogging. But your path while paved with good intentions is also filled with roadblocks like having too little energy or too many unwholesome distractions. Lace up your sneakers. *The Complete Idiot's Guide to Walking for Health* will help you develop a walking program and be with you every step of the way. In this *Complete Idiot's Guide* you get simple steps to figure out your waist-to-hip ratio and fitness level. Easy ways to stay motivated and energetic. Time-saving tips on incorporating walking workouts into your busy life. Expert advice on how walking helps you age gracefully. *The 90-day Fitness Walking Program* Mark Fenton, Seth Bauer, 1995 No exercise has swept the nation like walking. It's simple, it works, and you've been doing it all your life. Now *The 90 Day Fitness Walking Program* leaves you no excuses. The editors of *Walking* magazine take you through a day-to-day progressive workout that helps you strengthen your heart, burn fat, feel healthier, and remain injury-free all in 90 days. Most importantly, they guide you to building a safe, healthy, effective exercise habit that will last a lifetime. Day one: walk for ten minutes today, tomorrow, and the next day, but take day four off, and why? Starting up fitting exercise into your day and how to talk to your doctor about beginning a program. Chart your course, following your progress with an easy-to-use training log. It's the shoes: choosing the right pair and why it's so important. Stretch and strengthen simple stand-up exercises for before and after your walk to keep your entire body supple and toned. How am I doing? How to assess your improving health and fitness. Sticks and stones: whether hand weights and walking poles are right for you. Do the diet, hydration, nutrition, calorie burn, and cutting the fat. Moving forward: advanced techniques, speed workouts, and racewalking for the ambitious. Beyond the book: how to write your own exercise prescription and keep up this great habit now that the first ninety days are behind you. *Bod4God* Steve Reynolds, 2009-11-26 Simple Changes Lead to Health Inside and Out The media labeled Steve Reynolds "The Anti-Fat Pastor" after he lost more than 100 pounds and launched a stunningly successful weight loss program in his church and community. In *Bod4God* he reveals the four keys that have unlocked the door to health and fitness for him and for countless others who have dedicated their bodies to God. In addition, Steve shows local churches how to impact the health of their entire community by hosting "Losing to Live" events such as weight loss competitions and team-driven fitness campaigns. **Boot Camp Abs** , Not for the weak of heart or the wishy-washy weekend gym-goer, *Boot Camp Abs* is designed to finally kick those abs into shape, military style. Readers will find an intense burn-off-the-fat pump-up-the-muscles workout by a former Marine Corps officer. The workout includes an eight-week program including cardio, strength, and core exercises designed specifically to tone up and shape the abs into the washboards of steel we all dream about. This training manual features step-by-step pictures of the author and a male instructor doing each of the exercises in front of the backdrop of Boston's Charles River. The book includes an 8-week program designed to get the abs into shape. Hints and tips on the

cardio workouts that will accelerate ab development Step by step photos of each of the workouts included in the book and much more
