Proceedings of the 9th International Conference on Financial Innovation and Economic Development (ICFIED 2024) Khaled Elbagory, Zefu Wu, Hamdan Amer Ali Al-Jaifi, Shafie Mohamed Zabri, 2024-05-07. This is an open access book. Background: Financial globalization plays a huge role in promoting the development of the world economy and the optimal allocation of world resources stimulates the accelerated development of the international division of labor and increases the international flow of production factors such as industrial transfer, capital transfer and technology transfer. It enables developing countries to make up for the lack of their own capital and technology and obtain industrial evolution, technological progress and institutional innovation, thereby accelerating the speed of economic development. It also enables developed countries to open up cheap labor, raw material markets and broad consumer markets, prolonging product value. More profits ease the economy, the contradiction of stagflation and restore economic growth. Present situation: At the current stage, the overall environment of the international financial market is relatively stable and the market environment has been improved to some extent. However, due to the complexity and diversity of the world economy coupled with the national characteristics of some countries, there is great uncertainty in international policies which has greatly affected the stability of the international financial market. In addition, the current international environment is changing. The conflict between Russia and Ukraine, the epidemic and the Taiwan issue have all had an impact on the international economic situation. This is also the difference between this conference and previous conferences. We hope to have a deeper discussion on the current situation. Objectives of this conference: The 9th International Conference on Financial Innovation and Economic Development (ICFIED 2024) aims to accommodate this need as well as to:

1. provide a platform for experts and scholars, engineers and technicians in the field of financial innovation and economic development to share scientific research achievements and cutting edge technologies;
2. Understand academic development trends, broaden research ideas, strengthen academic research and discussion and promote the industrialization cooperation of academic achievements;
3. Promote the institutionalization and standardization of Financial Innovation and Economic Development through modern research;
4. Increasing the number of scientific publications for financial innovation and economic development.

Conference information: As an annual conference held successfully in the past 8 years, the 9th International Conference on Financial Innovation and Economic Development (ICFIED 2024) will be held in Ningbo on January 12-14, 2024. The conference sincerely invites experts, scholars, business people and other relevant personnel from domestic and foreign universities, research institutions to participate in the exchange. We warmly invite you to participate in ICFIED 2024 and look forward to seeing you in Ningbo, China.
