David Marx, 2025-11-18 An NPR Most Anticipated Book of Fall 2025 A revealing exploration of a quarter century of cultural stagnation examining the commercial and technological forces that have come to dominate contemporary culture from music and fashion to art film TV and beyond Over the past twenty five years pop culture has suffered from a perplexing lack of reinvention We've entered a cultural blank space an era when reboots rehashes and fads flourish while bold artistic experimentation struggles to gain recognition Why is risk no longer rewarded and how did playing it safe become the formula for success Acclaimed cultural historian W David Marx sets out to uncover the answers In this ambitious cultural history Marx guides us through the blur of the twenty first century so far from the Obama era to the rise of K pop from Paris Hilton to the Marvel cinematic universe from Beyonc and Taylor Swift to Beyonc and Taylor Swift whose enduring influence highlights both their adaptability and the broader shifts in pop culture Combining sociological economic and political insights with a deep dive into art street culture fashion and technology Blank Space dissects the rise of profit driven formulaic trends and the shifting cultural norms that often prioritize going viral over innovation He reveals

how backlash against indie snobbery and nineties counterculture gave rise to a counter counterculture one marked by antiliberal sentiment the celebration of business heroes and the increasing influence of industry plants and the elite class In a world of crypto bros nepo babies and AI driven art Marx offers readers a much needed dose of clarity and context Vibrantly narrated and sharply argued Blank Space is an essential guide for anyone looking to understand the chaos of the twenty first century the trends tastemakers and icons who shaped it and how we might push our culture forward over the next quarter century through renewed emphasis on creativity community and the values that transcend mere profit **Frank Leslie's**
