Spotify Sat Practice This Month:

Curriculum Histories in Place, in Person, in Practice Petra Hendry, Molly Quinn, Roland Mitchell, Jacqueline Bach, 2023-03-10 This book situates the Curriculum Theory Project at Louisiana State University within a larger historical framework of curriculum work examining the practices which have sustained this type of curricular vitality over the lifetime of the field's existence. Divided into seven parts, the authors illuminate seven practices which have sustained the scholarship graduate programs, mentorship, and networking that have been critical to maintaining a web of international relationships. This exploration and coming together of intergenerational stories reveals a more complete and nuanced narrative of the development of curriculum theory over the last 60 years. Crucially, the project exemplifies the continuing resilience of curriculum theory despite ongoing neo-liberal aspirations to reframe education as a business. Reflecting upon the lived experiences and articulated memories of those who have participated in the project and analysis of documents collected over its 25-year history, it considers curriculum history 'written large' through and from this lens of practice. As such, it opens up fresh insights for cultivating the vitality and vigor of curriculum theory more broadly on an international scale and with a view to future directions for the field. It will appeal to both new and experienced scholars working across education foundations, urban education, philosophy of education, and higher education, and researchers from across history, sociology, anthropology, ethnic studies, and gender studies.

Strategy David Mackay, Mikko Arevuo, Maureen Meadows, 2023 A comprehensive, accessible, and insightful guide designed specifically for students on a strategy or strategic management course. This text puts the implementation of strategy centre stage in order to empower tomorrow's business professionals to think, talk, and act like a strategist.

Let Healing Happen Eddy Elsey, 2024-01-11 A sober, sensible voice in an often insane, out-of-balance New Age world. An engrossing and thoughtful read. NICK BREEZE WOOD Shamanologist and editor of Sacred Hoop Magazine. Although our cultures wax and wane like the moon in the sky, the land beneath our feet still pulses with the same power that it always has. Shamanism is a gateway into the mysterious world of that power. Eddy Elsey, in this book, a shamanic practitioner and founder of online platform Street Spirituality, shares his life-changing journey from living as a burned-out partygoer to becoming a practising shamanic healer and finally feeling like his authentic self. He reveals the rituals and tools that have helped him live a more spiritually grounded life so you can too. Let Healing Happen shows us that by connecting to our roots in the earth and drawing on ancient shamanic practices, it is possible to heal pain, find balance, and embrace the role we play in this beautiful world. Whatever your beliefs, this call to understanding ourselves as a part of the natural world has much to teach about living well. Claudia Canavan, health editor, Women's Health. An essential read for anyone on their spiritual journey. Fleur Britten, journalist, The Times, Guardian, and Vogue.
