The Library Screen Scene Renee Hobbs,Liz Deslauriers,Pam Steager,2019-06-07 In the past two decades several U

S states have explored ways to mainstream media literacy in school curriculum. However, one of the best and most accessible places to learn this necessary skill has not been the traditional classroom but rather the library. In an increasing number of school, public, and academic libraries, shared media experiences such as film screening, learning to computer animate, and video editing promote community and a sense of civic engagement. The Library Screen Scene reveals five core practices used by librarians who work with film and media: viewing, creating, learning, collecting, and connecting. With examples from more than 170 libraries throughout the United States, the book shows how film and media literacy education programs, library services, and media collections teach patrons to critically analyze moving image media, uniting generations, cultures, and communities in the process.

Think Big! Rosemary Ludt, 2020-07-01. *Think Big: A Resource Manual for Library Programs That Attract Large Teen Audiences* is a how-to manual for librarians who want to attract large groups of teens to their libraries with meaningful, memorable events. Large programs may seem to be impossible to attempt until the project is broken down into the separate parts needed. *Think Big* begins with those separate parts necessary to create a large event, starting with the logistics of time and place, the budget, and how to find funding, making a timeline to make everything fall into place, communication among all of the people involved, marketing to the teen audience, troubleshooting with thorough preparation, and the importance of evaluations for reporting and for future planning. Part 2 is a collection of best practices. Seventeen successful large programs are included, contributed by librarians who have dared to think big and made it work. Included are the book and author programs in school and public libraries. There are also creative programs about poetry and dance, STEM activities, pop culture, and school and work. Every section has two to four programs. Each program explains how the program began and evolved to the event it is today, a timeline, how the program was financed, who assisted to make every step successful, how the program was publicized, and how evaluations were collected and written, are provided in detail to empower a librarian to tackle their first time big program.

Dangerously Dark Colette London, 2022-12-22. A victim gets iced in this chocolate-themed mystery with recipes and a loving description of the food scene in Portland. Kirkus Reviews: Hayden Mundy Moore is an expert on everything chocolate, helping clients develop new products and revamp recipes until they're irresistible. But sometimes a dash of murder finds its way into the mix. After her involvement in a murder case in San Francisco, heiress Hayden Mundy Moore has moved on for the moment to Portland, Oregon, where her old college friend Carissa is celebrating her recent engagement. Naturally, while Hayden's in town staying in a house rented by her financial adviser, she has to visit every local destination known for serving chocolate treats. Among them is Carissa's ice cream business, Churn PDX, part of a group of food carts called Cartorama. Then Carissa's fiancé is killed by the liquid nitrogen used to make ice cream, and Hayden gets the scoop on his notorious womanizing, which leads to more than a sprinkling of suspects. Chocolateolics and food-cozy fans rejoice. With prose as smooth and delicious as its theme, this quality debut, cozy by an anonymous best-selling novelist, introduces a smart protagonist with an unusual and tasty profession. *Library Journal*
