Tok Trending Max Streaming In The Us

Charles Soukup, Christina R. Foust

Tok Trending Max Streaming In The Us:

Musicking TikTok Juan Bermúdez, 2024-12-12 This ethnographic work about TikTok's musicking in a glocal Austrian context complements and builds upon ethnomusicological assumptions, theories, and methods for the study of musical practices in digital spaces. An overview of elements that make up TikTok's interface as well as the technical performative possibilities that it allows, this book introduces a general categorization of existing performance types and how TikTokers appropriate the platform to make their music. It illustrates how some TikTokers became aware of and began using TikTok and it reviews some of the different strategies TikTokers apply to learn how to use the application and successfully develop their performances. Bermúdez explores how performers move from being ordinary users to becoming TikTokers, developing and performing an identity he calls TikTok Persona. Moreover, he discusses how some TikTok practices can and have occurred across multiple interconnected platforms and he examines how localities are articulated and negotiated in these contexts. Bermúdez argues for an understanding of musicking as a multimedia practice that different actors create and experience individually in everyday synchronous and asynchronous physical and digital situations. The so-called TikTokers create a sense of identity and community through their performances. This study suggests that a digital performance can be, aside from a representation of reality, an integral part of it, serving as a fundamental space for constructing and performing identity.

Dance in US Popular Culture Jennifer Atkins, 2023-07-21 This innovative textbook applies basic dance history and theory to contemporary popular culture examples in order to examine our own ways of moving in and through culture. By drawing on material relevant to students, *Dance in US Popular Culture* successfully introduces students to critical thinking around the most personal of terrain: our bodies and our identities. The book asks readers to think about what embodied knowledge we carry with us and how we can understand history and society through that lens: what stereotypes and accompanying expectations are embedded in performance related to gender and/or race; for instance, how such expectations are reinforced, negotiated, challenged, embraced, or rescripted by performers and audiences; how readers articulate their own sense of complex identity within the constantly shifting landscape of popular culture; how this shapes an active sense of their everyday lives; and how this can act as a springboard towards dismantling systems of oppression. Through readings, questions, movement analyses, and assignment prompts that take students from computer to nightclub and beyond, *Dance in US Popular Culture* readers develop their own cultural sense of dance and the moving body's sociopolitical importance while also determining how dance is fundamentally applicable to their own identity. This is the ideal textbook for high school and undergraduate students of dance and dance studies in BA and BFA courses as well as those studying popular culture from interdisciplinary perspectives including cultural studies, media studies, communication studies, theater, and performance studies. Chapter 11 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution CC BY 4.0 license.

Slut Narratives in Popular Culture Laurie McMillan, 2024-08-19 Slut

Narratives in Popular Culture explores representations of slut shaming and the term slut in U S popular media 2000 2020 It argues that cultural narratives of intersectional gender identities are gradually but unevenly shifting to become more progressive and sex positive Moving beyond prior research on slut shaming which exposes problematic connotations between women s morality and a sexual purity associated with White economic privilege this book examines how narratives that perpetuate slut shaming are both contested and reinscribed through stories we circulate It emphasizes effects of twenty first century developments in digital communication and entertainment The rapid evolution of genres combined with increased access to the consumption and production of texts stimulates more diverse storytelling The book s analyses demonstrate twenty first century changes in how slut shaming is depicted and understood while encouraging consumers and producers of pop culture to attend to cultural narratives as they reify or challenge the subordination of vulnerable populations Aimed primarily at an academic audience this book will also engage general readers interested in intersectional feminism pop culture new media digital technologies and sociolinguistic change Readers will become more adept at deconstructing assumptions embedded in popular media especially narratives informing slut shaming **Influencer** T. Bettina

Cornwell, Helen Katz, 2020-12-29 The influential are no longer only those with celebrity status but until now there has been no authoritative resource on the theory and practice of influencer marketing This book will educate and inspire decision makers researchers students and influencers themselves Diving deeper than the many how to books on the influencer phenomenon this book brings in frameworks from marketing sociology psychology and communication studies to redefine the influencer as a persona related to a person group of people or organization that possesses greater than average sway over others Cornwell and Katz go on to introduce the influencers macro and nano authentic and inauthentic ascending and fading consider their relationship to brands in the marketing ecosystem along with regulations that set limits on influencer marketing describe how influence is measured and evaluated and look into the future and bring together the latest research on influencer marketing and organize it for the reader The book serves both those who want to understand the science behind influencer marketing and those who want to most effectively employ influencers in brand strategy Instructors students and professionals will appreciate international examples from multiple industries applying theories to the real world The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4 0 license **The Lazy Epidemic** Conrad Riker, Are Invisible Illnesses Bankrupting Your Country And Your Manhood Why are hardworking men footing the bill for couch potatoes binge watching Netflix on your dime How did America swap discipline for disability handouts and turn sons into spineless soy boys What if chronic fatigue is just a smokescreen for leftists to dismantle Western greatness Unmask the trillion dollar racket of fake fatigue draining economies and armies Discover how soy chugging activists weaponize victimhood to shame masculine grit Crush the myth that rest beats sweat Why CrossFit cures what pills can t Ditch the

American Popular Music and Its Business in the Digital Age Music Licensing Consultant Rick Sanjek, 2024-07-18 As the long awaited sequel to American Popular Music and Its Business the First 400 Years this book offers a detailed and objective history of the evolution and effect of digital technology from 1985 through 2020 on all segments of the popular music business from CDs and stadium tours to TikTok and the effects of the COVID 19 pandemic with particular emphasis on the relationship between the creators the consumers and the business professionals who form the three major axes of the industry Author Rick Sanjek a 50 year industry veteran combines the knowledge acquired during his decades of experience with scholarly research to create a compelling narrative of the events economics and innerworkings of the modern music business

Love, Canter, Action Katie Gilbert, 2025-05-13 Saddle up for this swoony enemies to lovers romance full of giggles snark and heart perfect for fans of Kasie West and Emma Lord Nora Green wants out Out of rural Georgia and more importantly out of the house she's been resentfully occupying with her father and his wife It's been five months since her mama died and the state dumped her on

her father's doorstep and Nora's been counting every second. With the sudden closure of the Shep horse ranch, Nora's last home away from home comes two surprises: news of her admission to a prestigious equine training program in Montana and a job wrangling horses on a movie set to cover the costs. To her eternal nightmare, she discovers that the movie star's teen heartthrob, Alexander Mathis, is hot off the heels of a very public scandal. Not that Nora cares who he is to her; he's just the obnoxious stranger who interrupted her dinner the night before. When photos of their argument are misread as a passionate affair, the Internet falls head over hooves for Hollywood's newest couple. Eager to capitalize on the press, Alec offers Nora a deal: go on three fake dates with him, and he'll cover her ticket to Montana. But the lines between script and reality have a way of blurring, and when the truth about Alec's scandal catches up to him, Nora has a choice: continue shutting everyone out or open her heart to the love that's always been around her.

Comparative Data Law Josef Drexler, Moritz

Hennemann, Patricia Bosche, Klaus Wiedemann, 2025-08-02 This book contains the proceedings of the conference Comparative Data Law which was held in Munich in December 2023. The increasing relevance of data is now recognized all over the world. The large number of regulatory acts and proposals in the field of data law serves as a testament to the significance of data processing for the economies of the world. The European Union's Data Strategy, the African Union's Data Policy Framework and the Australian Data Strategy only serve as examples within a plethora of regulatory actions. Yet the purposeful and sensible use of data does not only play a role in economic terms, e.g. regarding the welfare or competitiveness of economies. The implications for society and the common good are at least equally relevant. For instance, data processing is an integral part of modern research methodology and can thus help to address the problems the world is facing today, such as climate change. The conference was the third and final event of the Global Data Law Conference Series. Legal scholars from all over the world met, presented and exchanged their experiences on different data-related regulatory approaches. Various instruments and approaches to the regulation of data, personal or non-personal, were discussed without losing sight of the global effects going hand in hand with different kinds of regulation. In compiling the conference proceedings, this book does not only aim at providing a critical and analytical assessment of the status quo of data law in different countries; today it also aims at providing a forward-looking perspective on the pressing issues of our time, such as: How to promote sensible data sharing and purposeful data governance. Under which circumstances, if ever, do data localisation requirements make sense? How and by whom should international regulation be put in place? The proceedings engage in a discussion on future-oriented ideas and actions, thereby promoting a constructive and sensible approach to data law around the world.

Field & Stream

, 1969-07 FIELD STREAM America's largest outdoor sports magazine celebrates the outdoor experience with great stories, compelling photography and sound advice while honoring the traditions hunters and fishermen have passed down for generations.

Netflix and Streaming Video Amanda D. Lotz, 2022-07-22 Netflix and Streaming Video is the first book to provide a comprehensive foundation for understanding the business of subscriber-funded streaming video and its

implications for the role of these services in culture Drawing on Lotz s two decades of research it highlights the similarities and differences among streaming video services Netflix Amazon and video distribution technologies broadcast satellite internet Making a number of provocative and thought provoking arguments the book first reveals how the reliance on subscriber payment and video on demand produces different norms and strategies compared to previous video businesses It then investigates Netflix and how its particular blend of characteristics distinguishes it from other subscriber funded video on demand services The author expertly shows that by understanding the underlying economic and technological dynamics of these services and their differences it is possible to better assess the actions taken by the companies and what the future of video may encompass The book is a must read for students and scholars of Media and Communications Studies as well as those wishing to learn more about Netflix and streaming video services Handbook of Research on Perspectives on Society and Technology Addiction Sine Nazlı, Rengim,Sari, Gülşah,2023-06-19 Internet based technologies prevail in most of the world Along with the positive features of digital technologies that permeate our lives in almost every area including lifestyles and daily practices the traces of negative aspects have also become evident Digital addiction is among the most important of these aspects It is obvious that communication which has been maintained in various forms since the beginning of humanity has been shaped by the period in which it is lived The technology based transformation has transformed communication which has been adopted to the internet in the world into a completely different form Communication which has become sustainable at any time and anywhere regardless of location led by the never ending elements of continuity and interaction has turned into an indispensable form Perspectives on Society and Technology Addiction examines every subject of digital addiction in an interdisciplinary way It discusses the issues about what technology addiction is how to deal with this addiction how to use the existing technology in a positive way how to deal with this technology for disadvantaged groups and concerns in the fields of social science and communication science Covering topics such as Consumer 5 0 experience design and information markets this premier reference source is an essential resource for sociologists policymakers students and educators of higher education researchers and academicians THE DOTS WILL NOT BE JOINED Rick Walton,2021-10-28 THE DOTS WILL NOT BE JOINED is both a rich sentimental memoir and a racy Compendium of Ideas It s about sport mainly football and cricket but it carries wise sometimes cheeky diversions snapshots into what makes us and what liberates us The stories and the challenges range Rick Walton is a coach and a writer with a fearless impossibly positive streak coursing through him He recounts scary or electrifying visits to football and those wonderfully daft adventures so many of us have had in village teams Combs forgotten in boots lacerating North Sea gales chunks of orange and blissfully sweet tea team talks But we also have Proper Coaching notions around how to approach and nourish and support players There is the contention too that sport really can be good that how we play can matter All this in a matrix of arty or philosophical hunches which unashamedly but also humbly celebrate the raw The Human the ridiculous the unknowable the unweighted Walton s book is

a one off daring to chase a zillion narratives so as to capture something actually rather profound about how activity works in a world where the Social and Corporate kaleidoscopes are blurring bending and maybe even crushing our will

Popular Culture in Everyday Life Charles Soukup, Christina R. Foust, 2023-08-25 An accessible and engaging introduction to the critical study of popular culture which provides students with the tools they need to make sense of the popular culture that inundates their everyday lives This textbook centers on media ecology and equipment for living to introduce students to important theories and debates in the field Each chapter engages an important facet of popular culture ranging from the business of popular culture to communities stories and identities to the simulation and sensation of pop culture The text explains key terms and features contemporary case studies throughout examining aspects such as memes and trends on social media cancel culture celebrities as influencers gamification meta pop culture and personalized on demand music The book enables students to understand the complexity of power and influence providing a better understanding of the ways pop culture is embedded in a wide range of everyday activities Students are encouraged to reflect on how they consume and produce popular culture and understand how that shapes their sense of self and connections to others Essential reading for undergraduate and postgraduate students of media studies communication studies cultural studies popular culture and other related subjects

Streaming Culture David Arditi, 2021-04-15 Encouraging us to look beyond the seemingly limitless supply of multimedia content David Arditi calls attention to the underlying dynamics of instant viewing in which our access to our favourite binge worthy show blockbuster movie or hot new album release depends on any given service s willingness and ability to license it

Sports Media Rights in the Age of Streaming and Platformisation Tom Evens, Paul Smith, 2024-12-18 Against a backdrop of increased online distribution of media this book provides an in depth analysis of how the platformisation of television is both shaping and being shaped by the changing sports media market Beginning by looking at the business models and strategies of the major stakeholders involved in the sports broadcasting value chain the authors go on to focus on the challenges and opportunities posed by the growth of OTT delivery for the regulation of sports broadcasting in several key areas including copyright law and piracy competition issues linked to the buying selling and distribution of premium sports content and legislation designed to safeguard coverage of certain national and international sporting events for free to air television Key areas of continuity such as the persistence of national regional markets the importance attached to premium sports rights by rival delivery platforms as a source of market power and the need to update key areas of policy and regulation in order to address challenges posed by the use of OTT delivery are also discussed This book makes use of a range of international and regional examples and case studies not least the Olympic Games and the FIFA World Cup and identifies different strategies employed in the buying selling and distribution of sports rights for all major parties in the sports media value chain including new entrant OTT players traditional pay TV operators public service broadcasters and a range of international sports organizations Providing a complete assessment of the relevance and future

effectiveness of key areas of policy and regulation in sports media distribution this book is recommended reading for advanced students and researchers of Sports Media Sports Management and Media Industries **The H.I.A. Journal of Modern Watchmaking** Horological Institute of America,1955 *Macht und Machtverschiebung* Hendrik W.
