Optimum Choice of Energy System Configuration and Storages for a Proper Match between Energy Conversion and Demands Andrea Lazzaretto,Andrea Toffolo,2020-01-31 This Special Issue addresses the general problem of a proper match between the demands of energy users and the units for energy conversion and storage by means of proper design and operation of the overall energy system configuration The focus is either on systems including single plants or groups of plants connected or not to one or more energy distribution networks In both cases the optimum design and operation involve decisions about thermodynamic processes about the type number design parameters of components plants and storage capacities and about mutual interconnections and the interconnections with the distribution grids The problem is absolutely general encompassing design and operation of energy systems for single houses groups of houses industries

industrial districts municipal areas regions and countries The presented papers show that similar approaches can be used in different applications although a general standard has not been achieved yet

Interactive Multimedia and Next Generation Networks Vincent Roca, Franck Rousseau, 2004-10-26 Interactive Distributed Multimedia Systems IDMS and Protocols for Multimedia Systems PROMS have been two successful series of international events bringing together researchers developers and practitioners from academia and industry in all areas of multimedia systems These two workshops successfully merged in 2003 and now constitute the MIPS workshop After the outstanding MIPS 2003 workshop organized in Naples Italy by Giorgio Ventre and Roberto Canonico from the University of Naples Federico II MIPS 2004 moved to Grenoble France Following the great tradition MIPS 2004 was intended to contribute to scientific strategic and practical advances in the area of distributed multimedia applications protocols and intelligent management tools with emphasis on their provision over novel network architectures This is undoubtedly a rather broad area which is confirmed by the large range of topics that were addressed in the submitted and accepted papers This year the Call for Papers attracted 74 submissions essentially from Europe and Asia plus a few contributions from North America the Middle East and Africa for a total of 20 countries We would like to express our warmest gratitude to all the authors without whom organizing this event would have been impossible Thanks to the outstanding work of the Program Committee and the additional reviewers 20 full sized papers and 5 additional short papers were finally accepted which was not an easy task Like MIPS 2003 MIPS 2004 remained a highly selective event 33% acceptance ratio including the short papers which is the best warrant of a good program quality
