New Testament In Blank Verse Part I Gospels:

New Testament in Blank Verse Day Williams, 2015-10-13 I put the New Testament in blank verse because I believe God's word is poetry just as we are God's poems I use the three line stanzas as Dante did to remind the reader of the God's three Persons Father Son and Holy Spirit the Holy Trinity I hope that this version of the New Testament will give readers new insights into God's Word and that the version will inspire singers and songwriters Day Williams

Juvenius' Four Books of the Gospels Scott McGill, 2016-05-20 Juvenius Evangeliorum libri IV or The Four Books of the Gospels is a verse rendering of the gospel narrative written ca 330 CE Consisting of around 3200 hexameter lines it is the first of the Latin Biblical epics to appear in antiquity and the first classicizing hexameter poem on a Christian topic to appear in the western tradition As such it is an important text in literary and cultural history This is the first English translation of the entire poem The lack of a full English translation has kept many scholars and students particularly those outside of Classics and many educated general readers from discovering it With a thorough introduction to aid in the interpretation and appreciation of the text this clear and accessible English translation will enable a clearer understanding of the importance of Juvenius work to later Latin poetry and to the early Church
