Learner Choice, Learner Voice Ryan L Schaaf,Becky Zayas,Ian Jukes,2022-06-15 Learner Choice Learner Voice offers fresh forward thinking supports for teachers creating an empowered student centered classroom Learner agency is a major topic in today s schools but what does it mean in practice and how do these practices give students skills and opportunities they will need to thrive as citizens parents and workers in our ever shifting climate Showcasing authentic activities and classrooms this book is full of diverse instructional experiences that will motivate your students to take an agile adaptable role in their own learning This wealth of pedagogical ideas from specific to open ended low tech to digital self expressive to collaborative creative to critical will help you discover the transformative effects of providing students with ownership agency and choice in their learning journeys *Fight, Flight or Flourish* Ingra Du Buisson-Narsai,2020-03-19 *Fight Flight or Flourish* How neuroscience can unlock human potential takes the latest research in neuroscience and translates it into actionable steps you can take today to help you and your team thrive at work This practical book offers dozens of neuro tips to help you Cope better with stress increase your focus at work foster better relationships quickly identify the intentions of others make your goals more meaningful and achievable cultivate a stillness of mind increase performance and more *Fight Flight or Flourish* is a marvellous compilation and translational book Essential reading for anyone who wants to stay abreast of the latest research in neuroscience and begin to understand what it means to be human A Richard Boyatzis co author of the international best seller *Primal Leadership* This book is a wise neuro investment that will maximise your individual and social performance Dr John Demartini International best selling author of *The Values Factor* [Corporate Risks and Leadership](#) Eduardo E. Mariscotti,2020-05-13 The context of business has been changing for companies in recent years and following numerous corporate and accounting scandals many countries have increased the number of national and international regulations designed to ensure transparency and compliance with the law Because of the existence of these new regulations the level of control the severity of sanctions by governments and the amount of the fines for noncompliance have increased dramatically In parallel with the technological revolution in communications business management has become more transparent and any negative event is uploaded to social networks and shared with an indeterminate number of people This change in the regulatory sanctioning and technological context has forced large companies to rethink risks investments and budgets to deal in this more complex environment To transition to this change some companies have included ethics and compliance programs in their corporate agenda along with marketing and sales plans strategies growth targets investment plans and or talent acquisition While each industry has its particular risks in this book the author describes the essential elements that any effective ethics and compliance program should contain This book is a source of information that connects yesterday with today The author shares observations and lessons of the past to suggest corporate leaders implement effective ethics and compliance programs to protect their organizations and themselves The book covers

theories of ethics but with an eye focused on practical application Risks ethics and compliance are analyzed with an overall vision connected to the reality of business life without getting bogged down in abstract thinking or in technical and regulatory details Ethics and compliance are disciplines that have increasingly achieved greater recognition in organizations Thus due to the importance of risk management in the business world and the necessary involvement of the CEO and the board of directors it seems appropriate that executives get access to a book about risks ethics compliance and human resources directed not only to compliance experts but also to any organizational leader This book is a wake up call that allows business leaders to understand the benefits of implementing an effective ethics and compliance program that will help members of organizations to make the right decisions and act within the law If they do they can better prevent and react to the difficult obstacle course of risks dangers and threats that organizations face and that may jeopardize the sustainability resilience and survival of companies
