Zodiac Signs: The Ultimate Guide to an Amazing Zodiac Sign in Astrology (Personality Guides, Connections, Relationships, Compatibility, Careers, Success, and Special Talents) Joseph

Carlino, 101-01-01 Ancient astronomers studied the sun, moon, stars, and the planets in the vastness of the universe. Astrologers theorized that the movements and rotations of these heavenly bodies and constellations were an influential factor in predicting events and human behavioral traits. Thus, the horoscope charts were designed based upon the premise of timing of a person's birth date and location. This book is an introduction into the zodiac signs, their significance and meanings, elements, and symbolism. It includes unique personality guides for each sign, detailing characteristic traits, love relationships, and compatibility, professions, success, and special gifts. In this book, you will understand what a natal chart is and learn how to read charts for yourself and others. Understand the twelve astrological signs, their influences, and how they affect you. Learn about your astrological houses and how each sign affects them. Explore the ancient knowledge behind the lunar houses. Receive powerful insight about your destination and life purpose. By learning about everything associated with your zodiac sign, you can have better insight into your life and your purpose on earth. Believe it or not, your attitude towards life, the goals you set, all your dreams, and the choices you make are influenced to a certain degree by the zodiac you are born under. So, learning more about it is the simplest way to discover more about yourself.
