

A Guide to Effective Communication With Parents

It's usually
not too
difficult to
get parents,
teachers,
and students
working
together
in a
partnership.

Using communication can
be a lot of effort, however,
communication is vital for the
educational development
of your child. Using
communication, you will
be able to keep track of any
progress and ensure that
you are communicating with all
the staff and teachers of children in class.

Communication is the process
of exchanging information
and ideas between people.
It is a key part of the learning
process and is essential for
the development of children.

It is important to be clear to your
child that if your school has a
policy in regularly updated
clear with all parents at once.

It is as often as you can
be prepared for any
parent who may not be
happy with the way you
are doing things.

Be Positive

Always start
with something
positive about
the child. Parents
need to know that
you care about
their child and
that you have
their best interests
at heart. Starting
with a positive
and ending with a
positive will help
you to develop a
good relationship
with the parents.

It is important to be clear to your
child that if your school has a
policy in regularly updated
clear with all parents at once.

Be Clear

It is important to be clear to your
child that if your school has a

Parents and Families of Students With Special Needs Vicki A. McGinley, Melina Alexander, 2017-01-05 Parents and Families of Students With Special Needs Collaborating Across the Age Span teaches students the skills they need to effectively collaborate with parents and families to ensure a child's success in the classroom. Authors Vicki A. McGinley and Melina Alexander's text takes a lifespan approach with a special emphasis on the critical transition points in a child's life. Information is provided on what can be seen at each stage of an individual with disabilities' development and addresses concerns and needs that families may have during these unique phases of growth. Chapters written by professors and professionals who are also parents of students with special needs bring a diverse range of voices into the narrative. The authors provide an in-depth discussion of how parents and families are affected by particular disabilities, family system theory, the laws that affect individuals with disabilities, and assessments for individuals with disabilities. integrate and apply his/her understanding of the material including role play exercises based on case studies presented in the appendices. Straightforward and functional content that assists educators and related service personnel with knowledge and skill acquisition directly connected to effective collaboration with parents and families of children and youth with exceptionalities. Integration of effective practice methods and current literature in an easy-to-understand, albeit highly professional resource. The primary theme of the fourth edition of *Working with Parents and Families of Exceptional Children and Youth* is that educators and related service professionals must be involved in helping parents and families to contend with the challenges of raising living with and educating a child who has an exceptionality. This text retains its focus on developing critical knowledge and skills for conferencing and collaborating that springs from a strength-based approach when working with families to develop responsive practitioners. Additionally, it offers professionals current evidence-based methods and related resources for building knowledge and skill sets needed for effective parent and family involvement. The text is organized in three sections: 1. Part 1 begins with an overview of the historical and changing nature of the family. It continues with specific strategies to establish trust and effective partnerships with parents and families of various configurations, including those with different languages, cultural practices, lifestyles, and values. 2. Part 2 details methods to address parents' concerns during initial conferences to report academic and social information. 3. Part 3 details methods to address parents' concerns during ongoing conferences to report academic and social information. **Early Childhood Education, Birth-8** Amy Driscoll, Nancy G. Nagel, 2008. Through the presentation of detailed case studies, this textbook illustrates the foundations, key concepts, and developmentally appropriate practices of early childhood education while fostering professional development. In addition to seven foundational chapters, each of six chronologically organized age-related chapters integrates a profile of one child, his or her family and community and educational care-giving situation, along with the best practices for working with a child of that age. **BMJ**, 2008.
