AI at War Sam J Tangredi, George Galdorisi, 2021-03-15 Artificial intelligence AI may be the most beneficial technological development of the twenty first century. Media hype and raised expectations for results however have clouded understanding of the true nature of AI including its limitations and potential. AI at War provides a balanced and practical understanding of applying AI to national security and warfighting professionals as well as a wide array of other readers. Although the themes and findings of the chapters are relevant across the U S Department of Defense to include all Services the Joint Staff and defense agencies as well as allied and partner ministries of defense this book is a case study of warfighting functions in the Naval Services the U S Navy and U S Marine Corps. Sam J Tangredi and George Galdorisi bring together over thirty experts ranging from former DOD officials and retired flag officers to scientists and active duty junior officers. These contributors present views on a vast spectrum of subjects pertaining to the implementation of AI in modern warfare including strategy policy doctrine weapons and ethical concerns.

Building A Learning Nation Chris Pratt, 2019-03-19 In Building a Learning Nation Chris Pratt and Allison Chin use powerful evidence to expose serious fault lines in the English learning and education system. The authors show that the result of a thirty year political consensus on education has been growing child mental ill health high levels of educational underachievement major

skill shortages and a crisis in the retention and recruitment of teachers Increasing numbers of children leading dysfunctional home lives coupled with ineffective government education and skills policies over decades are identified as the principal causes The book explains how these problems make a defining contribution to the country s sluggish economic performance and deep social divisions Above all else Building a Learning National provides a compelling case for change Unlike other critiques of contemporary education it provides a well thought out workable alternative promoting lifelong learning for all tackling underachievement supporting families radically changing the conditions within which schools operate and developing the skills the nation needs

The Education Invasion Joy Pullmann, 2017-03-14 Most Americans had no idea what Common Core was in 2013 according to polls But it had been creeping into schools nationwide over the previous three years and children were feeling its effects They cried over math homework so mystifying their parents could not help them even in elementary school They read motley assortments of informational text instead of classic literature They dreaded the high stakes tests in unfamiliar formats that were increasingly controlling their classrooms How did this latest and most sweeping reform of American education come in mostly under the radar Joy Pullmann started tugging on a thread of reports from worried parents and frustrated teachers and it led to a big tangle of history and politics intrigue and arrogance She unwound it to discover how a cabal of private foundation honchos and unelected public officials cooked up a set of rules for what American children must learn in core K 12 classes and how the Obama administration pressured states to adopt them Thus a federalized education scheme took root despite legal prohibitions against federal involvement in curriculum Common Core and its testing regime were touted as an absolute game changer in public education yet the evidence so far suggests that kids are actually learning less under it Why then was such a costly and disruptive agenda imposed on the nation s schools Who benefits And how can citizens regain local self governance in education so their children s minds will be fed a more nourishing intellectual diet and be protected from the experiments of emboldened bureaucrats The Education Invasion offers

Jonathan P. Caulkins,Beau Kilmer,Mark Kleiman,Robert J. MacCoun,Gregory Midgette,Pat Oglesby,Rosalie Liccardo Pacula,Peter H. Reuter,2015-01-16 Marijuana legalization is a controversial and multifaceted issue that is now the subject of serious debate In May 2014 Vermont Governor Peter Shumlin signed a bill requiring the Secretary of Administration to produce a report about various consequences of legalizing marijuana This resulting report provides a foundation for thinking about the various consequences of different policy options while being explicit about the uncertainties involved

Apprentice Nation Ryan Craig,2023-11-07 College isn't for everyone It's time to challenge the status quo and embrace the potential of apprenticeships in tech healthcare finance and more which can provide a sustainable pathway to economic opportunity For decades college has been the only respectable way to access the world of work despite paralyzing tuition and a dire lack of practical skills that has left 40 percent of college graduates underemployed unfulfilled and struggling to repay student loan debt Education and workforce expert Ryan Craig explores how a modern apprenticeship system will allow students and job seekers to jump start their careers by learning while they earn ultimately leading to greater workforce diversity and geographic mobility With a deep dive into the history behind America's outdated college system Craig reveals The origins of the student debt crises and admissions scandals Why apprenticeships are an effective pathway to career opportunity What America can do to catch up with other nations making apprenticeship opportunities broadly available Where students and job seekers can go to land an apprenticeship Featuring a directory of US apprenticeship programs by industry and location *Apprentice Nation* is an accessible blueprint for a country where young Americans of all backgrounds can launch careers in a variety of in demand fields With just a few common sense changes to education and workforce development an apprentice nation will put the American Dream within reach for everyone Reading for Justice Ashley S.

Boyd,Janine J. Darragh,2023-03-27 This book illustrates how middle level English language arts teachers can draw upon young adult literature to facilitate students understanding of issues of oppression and allow them opportunities for social action Each chapter centers on one novel that represents a contemporary topic including the refugee crisis Indigenous rights trauma and bullying In each authors provide pre during and after reading strategies for teaching that connect the social issues in the texts to students lives and to the world around them Research writing and digital literacies are emphasized

throughout Authors also include topics for teaching at the intersections of the focal topic with other areas of social justice Finally they provide a multitude of avenues for student action emphasizing the need to move readers from understanding and awareness to asserting their own agency and capacities to effect change in their local national and global communities Additional resources are also included as extensions such as documentaries young adult literature companions for study connected music and supplementary lesson plans *Seeing the Past with Computers* Kevin Kee,Timothy J

Compeau,2019-01-24 Recent developments in computer technology are providing historians with new ways to see and seek to hear touch or smell traces of the past Place based augmented reality applications are an increasingly common feature at heritage sites and museums allowing historians to create immersive multifaceted learning experiences Now that computer vision can be directed at the past research involving thousands of images can recreate lost or destroyed objects or environments and discern patterns in vast datasets that could not be perceived by the naked eye Seeing the Past with Computers is a collection of twelve thought pieces on the current and potential uses of augmented reality and computer vision in historical research teaching and presentation The experts gathered here reflect upon their experiences working with new technologies share their ideas for best practices and assess the implications of and imagine future possibilities for new methods of historical study Among the experimental topics they explore are the use of augmented reality that empowers students to challenge the presentation of historical material in their textbooks the application of seeing computers to unlock unusual cultural knowledge such as the secrets of vaudevillian stage magic hacking facial recognition technology to reveal victims of racism in a century old Australian archive and rebuilding the soundscape of an Iron Age village with aural augmented reality This volume is a valuable resource for scholars and students of history and the digital humanities more broadly It will inspire them to apply innovative methods to open new paths for conducting and sharing their own research

Beyond Behavior Management Jenna Bilmes,2013-01-15 Why do children do the things they do What can teachers do to manage it all While there is not a simple method for understanding and managing all behaviors or all children teachers can give young children the social and emotional tools needed to grow and thrive on their own Developed and tested in the classroom Beyond Behavior Management is a strength based approach to guiding and managing young children s behavior by helping them build and use essential life skills attachment collaboration self regulation adaptability contribution and belonging into the daily life of the early childhood classroom As a result children will learn to exhibit more pro social behaviors work better as a community and become excited and active learners This edition includes two new chapters and content reflecting early learning standards new research cultural diversity and strategies to strengthen the home school connection Discussion and reflection questions exercises journal assignments child profile templates a planning worksheet and sample scripts are also included Jenna Bilmes is an early childhood consultant and an instructional designer for WestEd Child and Family Services She is a frequent presenter to teachers administrators and counselors nationally and

internationally *With Us and Against Us* Stephen Tankel, 2018-05-22 In the wake of the September 11 attacks President George W Bush drew a line in the sand saying Either you are with us or you are with the terrorists Since 9 11 many counterterrorism partners have been both with and against the United States helping it in some areas and hindering it in others This has been especially true in the Middle East Africa and South Asia where the terrorist groups that threaten America are most concentrated Because so many aspects of U S counterterrorism strategy are dependent on international cooperation the United States has little choice but to work with other countries Making the most of these partnerships is fundamental to the success of the War on Terror Yet what the United States can reasonably expect from its counterterrorism partners and how to get more out of them remain too little understood In *With Us and Against Us* Stephen Tankel analyzes the factors that shape counterterrorism cooperation examining the ways partner nations aid international efforts as well as the ways they encumber and impede effective action He considers the changing nature of counterterrorism exploring how counterterrorism efforts after 9 11 critically differ both from those that existed beforehand and from traditional alliances Focusing on U S partnerships with Algeria Egypt Mali Pakistan Saudi Arabia and Yemen against al Qaeda ISIS and other terrorist organizations Tankel offers nuanced propositions about what the U S can expect from its counterterrorism partners depending on their political and security interests threat perceptions and their relationships with the United States and with the terrorists in question *With Us and Against Us* offers a theoretically rich and policy relevant toolkit for assessing and improving counterterrorism cooperation devising strategies for mitigating risks and getting the most out of difficult partnerships
