Textiel in huis: interieur- en huishoudtextiel in Nederland J.L.J.M. van Gerwen,1997 *Nederland* Rudy Kousbroek,1987
Vrouwen in de vormgeving in Nederland, 1880-1940 Marjan Groot,2007 Over de bijdrage van vrouwen aan de toegepaste kunst en industriële vormgeving in Nederland tussen 1880 en 1940 Het boek gaat uitvoerig in op de deelname van vrouwen aan tentoonstellingen de ateliers winkels en galeries die zij startten en leidden de netwerken die zij voor hun werk gebruikten en de uiteenlopende vakgebieden waarin zij werkten Bevat een stukje over de Nederlands inzendingen voor het Palais des travaux d'artisans op de Exposition Universelle et internationale in 1910 in Brussel **Frau Antje und Herr Mustermann** Dik Linthout,2008 *Niederlande* Dik Linthout,2012 **Besturen in Nederlands-Nieuw-Guinea 1945-1962** Pim Schoorl,2024-12-09 This is a collection of 25 stories by 17 former Dutch New Guinea civil servants about their life and work in this remote area between 1945 and 1962 The majority of the articles read like hair raising adventure stories and exciting tales of sometimes bizarre events portraying the work of real frontiersmen in fact At the same time they paint a picture of the daily duties of these officials ,1998 **Out of Character** Rogier van Reekum,2023-12-28 This book offers a detailed and innovative study of the Dutch case of politics of citizenship and nationalism by focusing on public and political controversies in the crucial period of 1973-2015 By foregrounding the crucial role of performance and narration in public and political debates this book shows how discourses of citizenship and nationhood are deeply shaped by established repertoires and long lasting lines of disagreement about difference and belonging in the Netherlands While change did occur within the Dutch context during this period this book reveals that these transformations were not primarily driven by purportedly permissive and accommodating responses to immigration and cultural diversity Instead it unveils a Dutch landscape deeply marked by challenges related to race democracy and liberal exceptionalism In doing so the book contributes to ongoing debates in the study of citizenship nationalism and intellectual history around the merits and limitations of liberal politics of inclusion It critically extends concepts and arguments in cultural pragmatics and problematizes the common hope that public debate may progressively resolve antagonisms over difference With a focus on empirical research the book meticulously reconstructs the emergence of national identity debates in recent decades and vividly portrays the dynamics and tensions of these public performances while dissecting their role in shaping the nation's identity and its boundaries The book covers a crucial period of the European politics of citizenship and nationhood in which anti immigrant politics new modes of racism and the bordering of Europe took shape It locates the Dutch case within these developments and insists on the importance of historical continuity and narrative performance This book demonstrates that the Netherlands and Europe more broadly has not overcome the profound consequences of its past Nederland verandert Geert C. Hickson,2015-02-06 *Management in Western Europe* *Interiors in the Era of Covid-19* Penny Sparke,Ersi Ioannidou,Pat Kirkham,Stephen Knott,Jana Scholze,2023-01-26 The

Covid 19 lockdowns caused people worldwide to be confined to their homes for longer and on a greater scale than ever before. This forced many unprecedented changes to the way we treat domestic space as relationships shifted between the public and the private worlds and homes were rapidly adapted to accommodate the additional roles of schools, offices, gyms, restaurants, making spaces and more. Above all, our understanding of the home as a site to support and enhance the well-being of its inhabitants changed in a variety of novel ways. Interiors in the Era of Covid is a collection of essays which explore the complex ways in which our inside spaces, contemporary and historical, have responded to Covid 19 and other human crises. With case studies ranging from US and Europe to Japan, China, Colombia, and Bangladesh, this is a truly global work which examines wide-ranging subjects from home working and home technologies to the impact of lockdown on people's identities, gender roles in the home, and the realities of domestic living with Covid in refugee camps. Exploring the roles played by designers, both amateur and professional, in accommodating changing requirements and anticipating future ones, whether Covid or beyond, this book is a must-read for students and researchers in interior design, architecture, architectural and design history, and anyone interested in the home and the relationships between health and design. Lezer, er zijn ook Belgen Floor van Renssen, 2013. Twee landen, één taalgebied. De Nederlandse en Vlaamse literatuur horen bij elkaar, maar zijn ze ook één geheel? In 2012 zagen we een toenadering tussen beide literaturen toen Tom Lanoye het Nederlandse Boekenweekgeschenk schreef. Lanoye trad hiermee in de voetsporen van Hugo Claus die hetzelfde deed in 1989. Dat jaar was een hoogtepunt voor de Vlaamse literatuur in Nederland. Veel Vlaamse debutanten vonden een Nederlandse uitgever. Lanoye zelf was op dat moment een van de spraakmakende nieuwe Vlaamse namen. Dit boek brengt het succes van de Vlaamse literatuur in Nederland in kaart voor de periode 1980 tot 1995. Aan de hand van onderzoek van literaire kritiek en uitgeverij laat Floor van Renssen zien waar de Nederlandse belangstelling voor Vlaamse literatuur vandaan kwam en wat daarvan de gevolgen waren. Ze schetst het ontstaan van reputaties van auteurs als Hugo Claus en Tom Lanoye door een samenspel van uitgeverij en kritiek. Van Renssen heeft onderzocht hoe Nederlandse critici dachten over Vlaamse literatuur. Cover
