Neither Root Nor Branch Neither Root Nor Branch:

Neither Root Nor Branch Mary Jane Grange R. N.,2010-10 Step families deal with many unique issues related to their own children their step children their spouses and even ex spouses Some of the concerns may lead to depression and anxiety and in worst case scenarios suicide In *Neither Root nor Branch* author Mary Jane Grange helps blended families deal with their often challenging situation to live a happy fulfilling existence She provides affordable solutions for dealing with depression and anxiety Using her experiences has a nurse and a step parent Grange relies on scriptures to help step families co exist peacefully without the use of drugs alcohol medications or divorce I am a step parent I could not keep up the pace that was set for my family I realized I was in something over my head I was in something that mere mortals could not correct I decided to be more conscientious about reading my scriptures Instead of letting the word of God lie hidden in my heart or dormant on my end tables I decided to look for the laws of depression I found them in the scriptures I found the pace that Heavenly Father and Jesus Christ created for us in this world

The Medicine Wheel for Step Parents Mary Jane Grange R.N.,2012-02-14 With *The Medicine Wheel for Stepparents* I hope to give some understanding and relief to blended families Stepfamilies have common threads of dysfunction There are many issues that form these common threads These issues occur between stepparent and stepchild and biological parent biological child and extended family in blended families I have listed the issues and have offered affordable solutions that are within our grasp These common threads reappear in every aspect of family life including financial matters such as your child's Social Security checks child support checks medical bills and the parents will These issues occur when the power structure changes in a home after a divorce or death in a family Everyone is left in a gigantic power struggle which retires parents prematurely Stepparents and stepchildren feel that they must protect their territory ego and family with secrets isolation intimidation manipulation and stonewalling behavior When stepfamilies are choking parents stepparents and stepchildren do not have to be severely depressed take multiple medications for depression and energy get a divorce or attempt suicide for relief Biological parents and stepparents do not have to be retired prematurely There are better ways to keep everyone functioning in blended families My book will not take away all the opposition you experience in blended families We learn by overcoming opposition not creating opposition This book helps you analyze and carry the opposition to your efforts for your blended family
