Netflix Tows Analysis:

SWOT analysis of Netflix Emmy Bethmann, 2020-06-08 Seminar paper from the year 2018 in the subject Business economics Offline Marketing and Online Marketing grade 1.0 University of Applied Sciences Hamburg Hochschule Macromedia course Lehrprojekt 1 language English abstract In this project thesis a SWOT analysis will be performed on the media company Netflix Inc. Netflix is the world's leading internet entertainment service with over 109 million members in over 190 countries. It ranks place 28 in 2017's list of the top 100 world's largest media companies. The success of Netflix has increased constantly in recent years. The reason for this is the evolution of media consumption. The new generation watches series and movies on streaming platforms like Netflix and no longer on television. People have become more independent and can decide for themselves when and where they want to follow their series and movies. Netflix's influence grew in the past but the fight about the TV has not started yet. One day in the near future it will commence and Netflix needs to be prepared for that. In this project thesis a detailed analysis of the strengths, weaknesses, opportunities and threats of Netflix will be conducted. The special challenge for Netflix is to have a good plan as soon as the cable TV programmes try to attack. Different possibilities of offering better and more customer-oriented content will be analysed. Will Netflix eventually replace the traditional television as we know it and become the number one provider for streaming services? This project thesis will analyse the current situation and in the end a recommendation for Netflix future will be given.

Märkte im Anschluss wird dargestellt wie Geschäftsfelder aufgebaut und praktisch geplant werden. Teil 2 befasst sich mit dem Aufbau von Geschäftsmodellen und welche Besonderheiten hier zu beachten sind. In Teil 3 werden die Entscheidungsbereiche die das strategischen Management von Medienunternehmen bestimmen hinsichtlich ihrer spezifischen Aufgaben und Strategieoptionen erläutert. Abgerundet wird die strategische Sicht auf Medienunternehmen durch die detaillierte Vorstellung aller wichtigen Werkzeuge derer sich das Management zur Planung und Steuerung von Medienunternehmen im Betriebsalltag bedient (ABC, Five Forces, PEST, Portfolio, SWOT, VRIO Analyse etc.). Beendet wird dieser Band mit Lösungsvorschlägen zu allen Lernkontrollfragen.

Marketing communication is a dynamic industry which continues to change and adapt to new technologies, media consumption patterns, and communication interfaces between marketers and their target markets. At the same time, the fundamental communication processes and well-established theories and models are very much applicable in this dynamic environment. This revised second edition blends the well-established with the new and emerging aspects of marketing communications. Marketing Communications applies a uniquely practical approach to the topic, providing a structured overview of planning, development, implementation, and evaluation of marketing communications, alongside detailed case studies that demonstrate how the theory translates to practice. Fully updated, the new edition considers important developments in the global marketplace. It includes new content on emerging digital media platforms, changing media consumption patterns, and consumers' strategies to cope with information overload. It also reflects upon consumer scepticism, a growing phenomenon that communication specialists need to overcome when designing and implementing effective campaigns. This new edition also considers the importance of marketing communications tools in not-for-profit sectors such as social marketing and political marketing, as well as the cross-cultural aspect of marketing communications. This textbook is essential reading for both students and professionals in marketing communications and public relations. Online resources include an extensive instructors' guide which provides answer checklists to all 'Think boxes', Ethical issues, and end-of-chapter cases within the book. The text is also supported by PowerPoint slides and test banks for all chapters and major cases.
