Networked Theology (Engaging Culture) Heidi A. Campbell, Stephen Garner, 2016-09-20 The Theological Implications of Digital Culture This informed theology of communication and media analyzes how we consume new media and technologies and discusses the impact on our social and religious lives Combining expertise in religion online theology and technology the authors synthesize scholarly work on religion and the internet for a nonspecialist audience They show that both media studies and theology offer important resources for helping Christians engage in a thoughtful and faith based critical evaluation of the effect of new media technologies on society our lives and the church

The Oxford Handbook of Digital Religion Campbell, 2023-11-15 Digital Religion refers to the contemporary practice and understanding of religion in both online and offline contexts and how these contexts intersect with each other Scholars in this growing field recognize that religion has been influenced by its engagement with computer mediated digital spaces including not only the Internet but other emerging technologies such as mobile phones digital wearables virtual reality and artificial intelligence The Oxford Handbook of Digital Religion provides a comprehensive overview of religion as seen and performed through various platforms and cultural spaces created by digital technology The text covers religious interaction with a wide range of digital media forms including social media websites gaming environments virtual and augmented realities and artificial intelligence and highlights examples of technological engagement and negotiation within the major world religions i e Buddhism Christianity Hinduism Islam and Judaism Additional sections cover the global manifestations of religious community identity ethics and authority with a final group of chapters addressing emerging technologies and the future of the field Because of the interdisciplinary nature of the project the Handbook is led by co editors representing the humanistic and social scientific fields of religious studies and communication though both also have experience in how those disciplines intersect

Evangelisation Michael Herbst, Andreas C. Jansson, David Reißmann, Patrick Todjeras, 2024-02-23 Dieses Grundlagenwerk zum Thema Evangelisation wird im deutschsprachigen Raum Maßstäbe setzen Es will Grundlagen der Evangelisation benennen und zum konstruktiv kritischen Diskurs einladen In drei Teilen nähern sich die Autoren dem spannungsreichen Thema Zum Ersten werden zur Orientierung grundlegende Klärungen geboten Begriffsgeschichtliche exegetische praktisch theologische und missionstheologische Perspektiven werden eingenommen Zum Zweiten geht es um Vertiefungen Neben systematisch theologischen und missionswissenschaftlichen Zusammenhängen wird eine Praktische Theologie der Evangelisation vorgestellt Und zum Dritten wird eine Rekontextualisierung des Evangelisationsbegriffs als Frohbotschaften unternommen Dabei wird der Begriff Evangelisation unter verschiedenen Gesichtspunkten darunter genealogische poststrukturalistische und onomatologische betrachtet Ebenso wird explorativ Evangelisation im digitalen Raum erkundet Evangelism Theological Foundations Approaches and Perspectives This publication on evangelism will set standards in the German speaking world It aims to identify the essentials of evangelism and wants to invite constructive and

critical discourse The authors approach this exciting topic in three parts First they offer basic clarifications for orientation conceptual historical exegetical practical theological and missiological perspectives are taken Secondly it is a matter of deepening In addition to systematic theological and missiological contexts a practical theology of evangelism is presented And thirdly a re contextualization of the concept of evangelization as good news is undertaken In doing so the term evangelism is considered from various points of view including genealogical poststructuralist and onomatological Likewise evangelism in digital space is explored

Kirche hier und jetzt Felix Eiffler, 2023-01-16 Kirche passiert wenn Menschen Jesus dort begegnen wo sie leben Und wenn Christen sich dorthin senden lassen Felix Eiffler lenkt den Blick auf die individuellen Chancen die jede Kirche in ihrem spezifischen Kontext hat Es stellt Methodik und Praxisbeispiele vor wie eine Verknüpfung zwischen Kirche und Umgebung gelingen kann damit Menschen für den Glauben gewonnen werden können Und es ermutigt lokale Gemeinden und Gruppierungen dazu aus der eigenen Subkultur hervorzutreten um den Menschen im Umfeld von ganzem Herzen zu dienen Ein Plädoyer für unsere Kirche zeitgemäß missionarisch klug

@ **Worship** Teresa Berger, 2017-07-14 A host of both very old and entirely new liturgical practices have arisen in digital mediation from the live streaming of worship services and pray as you go apps to digital prayer chapels virtual choirs and online pilgrimages Cyberspace now even hosts communities of faith that exist entirely online These digitally mediated liturgical practices raise challenging questions Are worshippers in an online chapel really a community at prayer Do avatars that receive digital bread and wine receive communion Worship proposes a nuanced response to these sometimes contentious issues rooted in familiarity with and sustained attention to actual online practices Four major thematic lines of inquiry form the structure of the book After an introductory chapter the following chapters look at digital presence virtual

bodies and online participation ecclesial communities in cyberspace digital materiality visuality and soundscapes and finally the issues of sacramental mediation online A concluding chapter brings together the insights from the previous chapters and maps a way forward for reflections on digitally mediated liturgical practices Worship is the first monograph dedicated to exploring online liturgical practices that have emerged since the introduction of Web 2.0 Bringing together the scholarly tools and insights of liturgical studies constructive theology and digital media theories it is vital reading for scholars of Theology and Religion with as well as Sociology and Digital Culture more generally *Digital Religion* Heidi A.

Braving the Future Douglas Estes, 2018-11-06 Humanity is nearing a technological tipping point The blistering pace of technological scientific and social change is ushering in an era in which human bodies merge with devices corporations know everything about us and artificial intelligence develops human and even godlike potential In possession of the most powerful tools history has ever seen we will be faced with questions about wisdom authority faith desire and what it means to be human In Braving the Future Douglas Estes equips Christians to thoughtfully and prayerfully prepare for a future of technological reign that is rapidly expanding Drawing on Scripture Christian tradition and scientific literature Estes offers a theology of work creation and personhood that is both prophetic and sturdy enough to keep pace with the technology of a future as yet unknown He helps readers choose trust in God over fearful retreat and following Jesus over uncritical engagement with technology The future may not look exactly like a science fiction movie but are we ready to brave a future of limitless tech and boundless change

Evangelicals Engaging in Practical Theology Helen Morris, Helen Cameron, 2022-03-30 This book aims to introduce a distinctively evangelical voice to the discipline of practical theology Evangelicals have sometimes seen practical theology as primarily a liberal project This collection however actively engages with practical theology from an evangelical perspective both through discussion of the substantive issues and by providing examples of practical theology done by evangelicals in the classroom the church and beyond This volume brings together established and emerging voices to debate the growing role

which practical theology is playing in evangelical and Pentecostal circles Chapters begin by addressing methodological concerns before moving into areas of practice Additionally there are four short papers from students who make use of practical theology to reflect upon their own practice Issues of authority and normativity are tackled head on in a way that will inform the debate both within and beyond evangelicalism This book will therefore be of keen interest to scholars of practical evangelical and Pentecostal theology **Digital Creatives and the Rethinking of Religious Authority** Heidi A.

Campbell,2020-09-08 Much speculation was raised in the 1990s during the first decade of internet research about the extent to which online platforms and digital culture might challenge traditional understandings of authority especially in religious contexts Digital Creatives and the Rethinking of Religious Authority explores the ways in which religiously inspired digital media experts and influencers online challenge established religious leaders and those who seek to maintain institutional structures in a world where online and offline religious spaces are increasingly intertwined In the twenty first century the question of how digital culture may be reshaping notions of whom or what constitutes authority is incredibly important Questions asked include Who truly holds religious power and influence in an age of digital media Is it recognized religious leaders and institutions Or religious digital innovators Or digital media users What sources processes and or structures can and should be considered authoritative online and offline Who or what is really in control of religious technological innovation This book reflects on how digital media simultaneously challenges and empowers new and traditional forms of religious authority It is a gripping read for those with an interest in communication culture studies media studies religion religious studies sociology of religion computer mediated communication and internet digital culture studies **Engaging**

What Does the Community Need Church Transformation Processes and Church Theory Demographic shifts and declining financial power are central to the processes of change that have been underway at all levels of the church for roughly the past twenty years How can the tasks of the church be fulfilled in the face of these challenges Which theoretical concepts of church and community prove to be appropriate and to promote faith for the Protestant church in the 21st century The implicitly guiding images of church community and devotional practice give rise to the following questions How can decisions in church transformation processes be supported by ecclesiological concepts How does ecclesiology i e theory of church and community generate its expertise over the church community How can a constructive and critical interplay be arranged between theological theory building and the development of church organization

Minority Churches as Media Settlers Dorota Hall, Marta Kołodziejska, Kerstin Radde-Antweiler, 2023-06-01 How do minority Christian churches adapt to and negotiate with the changes brought about by deep mediatization How do they use their media to present themselves to their followers and the general public This book aims to answer these questions by investigating how minority organizations of two different Christian traditions in the UK and Poland the Seventh day Adventist Church and the Orthodox Churches use their own media to position themselves in their social religious and political environments Based on the analyses of media practices media content and interview material the study develops the new concept of media settlers which pertains to religious organizations that use their media to fulfill their own aims expand assert their authority and maintain their communities They do so through five key media practices which can be defined as strategies acknowledgment authorization omission replication of content and mass mediatization of digital media This book is of particular interest to scholars of religion and mediatization mainly sociologists graduate students and qualitative researchers working with discourse analysis It is an insightful read for anyone interested in the Seventh day Adventist and Orthodox Churches nowadays

Postdigital Theologies Maggi Savin-Baden, John Reader, 2022-09-01 This book is about the relationships between technologies and the content of religious belief and practice A number of models are now starting to emerge but each of these depends on the theological or philosophical framework within which the debate is set At the same time there are dilemmas operating at different ends of the spectrum For example at one end there is a tendency towards subsuming the digital within the divine and at the other an instrumental stance relating to how technology is deployed Either of these stances could be said to ignore

rather than acknowledge that the human itself is being changed as a result of the interactions with the digital The book explores the following areas Where is God to be found or present in the postdigital condition What are the implications of the postdigital condition for spirituality and indeed for the activity of God through the Holy Spirit How do concepts of transhumanism or posthumanism effect understandings of the incarnation Does the doctrine of the Trinity need revisiting in the light of the digital as medium of relationship Does Creation now include the postdigital What of the Kingdom of God now that the kingdom of the Tech giants is so powerful all consuming
