**Kabbalah and the Rupture of Modernity** Eli Rubin, 2025-03-25 Kabbalah and the Rupture of Modernity provides a comprehensive intellectual and institutional history of Chabad Hasidism through the Kabbalistic concept of im um The onset of modernity Eli Rubin argues was heralded by this startling idea existence itself is predicated on a self inflicted rupture in the infinite assertion of divinity Centuries of theoretical disputations concerning im um ultimately morphed into religious and social schism These debates confronted the meaning of being and forged the animating ethos of Chabad the most dynamic movement in modern Judaism Chabad s distinctive character and self image Rubin shows emerged from its spirited defense of Hasidism s interpretation of im um as an act of love leading to rapturous reunion This interpretation ignited a literal conflagration complete with book burnings denunciations investigations and arrests Chabad s subsequent preoccupation with im um was equally significant for questions of legitimacy authority and succession as for existential questions of being and meaning Unfolding the story of Chabad from the early modern period to the twentieth century this book provides fresh portraits of the successive leaders of the movement Innovatively integrating history philosophy and literature Rubin shows how Kabbalistic ideas are crucially entangled in the experience of modernity and in the response to its ruptures
