The Internet as a Game Jill Anne Morris, 2018-08-14 In THE INTERNET AS A GAME Jill Anne Morris proposes that by defining internet arguments as games we can analyze ad hominem and ad baculum arguments coming from online mobs and trolls using procedural rhetoric Building upon and extending Ian Bogost's definition of procedural rhetoric and Jesper Juul's definition of games Morris extends the usage of the term into human systems and groups that have proceduralized their arguments online By studying the development of online adhocracies such as 4Chan Anonymous and even Reddit during their early development roughly 2006 to 2014 Morris shows how these groups have proceduralized rhetoric so that thousands of group members can speak with a single voice and singular name that they call anonymous Morris examines these techniques to reveal their function and purpose as rhetoric Understanding how internet arguments work can also positively affect pedagogy especially now as social media and memes have been used to influence national elections our views of the news

and our views of each other Can we continue to teach only traditional rhetoric in classrooms when students will face arhetorical tropes and logic in their personal and professional lives THE INTERNET AS A GAME shows why the stakes are high and the answer to this question is no *Internet of Things and Data Analytics Handbook* Hwaiyu Geng,2017-01-10 This book examines the Internet of Things IoT and Data Analytics from a technical application and business point of view Internet of Things and Data Analytics Handbook describes essential technical knowledge building blocks processes design principles implementation and marketing for IoT projects It provides readers with knowledge in planning designing and implementing IoT projects The book is written by experts on the subject matter including international experts from nine countries in the consumer and enterprise fields of IoT The text starts with an overview and anatomy of IoT ecosystem of IoT communication protocols networking and available hardware both present and future applications and transformations and business models The text also addresses big data analytics machine learning cloud computing and consideration of sustainability that are essential to be both socially responsible and successful Design and implementation processes are illustrated with best practices and case studies in action In addition the book Examines cloud computing data analytics and sustainability and how they relate to IoT overs the scope of consumer government and enterprise applications Includes best practices business model and real world case studies Hwaiyu Geng P E is a consultant with Amica Research www.AmicaResearch.org Palo Alto California promoting green planning design and construction projects He has had over 40 years of manufacturing and management experience working with Westinghouse Applied Materials Hewlett Packard and Intel on multi million high tech projects He has written and presented numerous technical papers at international conferences Mr Geng a patent holder is also the editor author of *Data Center Handbook* Wiley 2015 *The Routledge Companion to Global Internet Histories* Gerard Goggin,Mark McLelland,2017-02-17 The Routledge Companion to Global Internet Histories brings together research on the diverse Internet histories that have evolved in different regions language cultures and social contexts across the globe While the Internet is now in its fifth decade the understanding and formulation of its histories outside of an anglophone framework is still very much in its infancy From Tunisia to Taiwan this volume emphasizes the importance of understanding and formulating Internet histories outside of the anglophone case studies and theoretical paradigms that have thus far dominated academic scholarship on Internet history Interdisciplinary in scope the collection offers a variety of historical lenses on the development of the Internet as a new communication technology seen in the context of older technologies as a new form of sociality read alongside previous technologically mediated means of relating and as a new media vehicle for the communication of content *Handbuch Online-PR.
