Empower your career Lead with clarity Transform with confidence **Consumer Psychology in a Social Media World**
Claudiu V. Dimofte, Curtis P. Haugtvedt, Richard F. Yalch, 2015-09-16 Consumer Psychology in a Social Media World seeks to illustrate the relevance of consumer psychology theory and research to understanding the social media world that has rapidly become a key component in the social and economic lives of most individuals Despite the rapid and widespread adoption of social media by consumers research focused on individuals use thereof and its implications for organizations and society has been limited and published in scattered outlets This has made it difficult for those trying to get either a quick introduction or an in depth understanding of the associated issues to locate relevant scientific based information The book is organized into five broad sections The first presents a summary overview of social media including a historical and cultural perspective The second section is focused on social media as a modern form of word of mouth always considered the most impactful on consumers It also touches upon a motivational explanation for why social media has such a strong and broad appeal Section three addresses the impact that consumers switch to social media as a preferred channel has had on marketers branding and promotional efforts as well as the ways in which consumer involvement can be maintained through this process Section four

takes a methodological perspective on the topic of social media assessing ways in which big data and consumer research are influenced by novel ways of gathering consumer feedback and gauging consumer sentiment Finally section five looks at some consumer welfare and public policy implications including privacy and disadvantaged consumer concerns Consumer Psychology in a Social Media World will appeal to those who are involved in creating managing and evaluating products used in social media communications As seen in recent financial and business market successes e g Facebook Twitter LinkedIn Instagram Pinterest WhatsApp etc businesses focused on facilitating social media are part of the fastest growing and most valuable sector of today s economy

Raising the Tech Bar at Your Library Nick D. Taylor,2017-05-11 This book explains how librarians

can capitalize on the growing interest and need of patrons for help with technology by expanding their library's tech services to build community engagement and support. Keeping up with technology is more critical and difficult than ever. This challenge exists not only for library staff but for their patrons as well. Today's librarians are often barraged with increasingly complex questions from their patrons about technology from loading eBooks onto their readers to helping resurrect dead laptops. Why not capitalize on this opportunity and transform your library into a first stop go to resource for your community's tech needs? Raising the Tech Bar at Your Library: Improving Services to Meet User Needs demonstrates a variety of ways to expand library services to better serve your community including how to establish tech bars and tech centers, provide tech training, and one on one tech help, host drop in demos, and create a coding dojo. The book covers after school programs, makerspaces, and embedded librarianship as well. The authors draw on their personal experience to offer a practical blueprint for launching your tech initiative starting with the preliminary steps of evaluating community needs and getting administrative and public buy in to obtaining funding, training non tech staff, setting up and launching your program, and evaluating the services you've established. The book ends with a look to the future that supplies provocative and exciting ideas of how libraries with innovative tech focused leadership can push the edge even further. This book serves a wide audience: all public librarians as well as library administrators, those who work in IT departments as well as adult or youth services and reference librarians who are interested in expanding into this important and exciting area.
