Empire of AI Karen Hao, 2025-05-20 A NEW YORK TIMES BESTSELLER An eye opening account of the tech arms race shaping out planet from an award winning journalist and AI insider to the world of Sam Altman and OpenAI When longtime AI expert and journalist Karen Hao first began covering OpenAI in 2019 she thought they were the good guys Founded as a nonprofit with safety enshrined as its core mission it was meant its leader Sam Altman told us to act as a check against more purely market forces But the core truth of this massively disruptive sector is that it requires an unprecedented amount of proprietary resources the compute power of scarce high end chips the sheer volume of data that needs to be amassed at scale the humans on the

ground cleaning it up for sweatshop wages throughout the Global South and a truly alarming spike in the need for energy and water underlying everything We have entered a new ominous age of empire with OpenAI setting a breakneck pace as a small group of the most valuable companies in human history try to chase it down In exhilarating prose and with unparalleled access to those closest to Sam Altman Hao recounts the meteoric rise of OpenAI and shows us the sinister impact that this industry is having on society

Sam Altman MANAS PAL, 2025-10-29 Sam Altman Architect of the AI Age is the definitive biography of one of the most influential figures in modern technology the man behind OpenAI and ChatGPT From his early days as a curious Midwestern child teaching himself to code to his rise as a Silicon Valley founder with Loopt and later as president of Y Combinator guiding hundreds of startups Altman's journey reflects the restless drive of innovation in its purest form But his most consequential chapter began with the founding of OpenAI a bold mission to ensure that artificial intelligence would serve humanity not threaten it This book traces the story of how OpenAI went from a non profit research lab to the creator of ChatGPT a tool that shocked the world by showing just how close we may be to artificial general intelligence Along the way it explores the controversial decision to adopt a capped profit structure the multibillion dollar partnership with Microsoft and the debates over safety ethics and regulation that Altman has been forced to navigate on the global stage Across more than 30 000 words of research and storytelling you'll discover Altman's childhood education and first ventures in tech Lessons from Loopt and his years shaping the next generation of startups at Y Combinator The founding vision values and controversies of OpenAI How GPT models evolved from obscure research projects into cultural phenomena The release of ChatGPT and the shockwaves it sent through business education and society Altman's views on AGI existential risk and the urgent need for regulation Criticisms and controversies that have tested his leadership The open ended possibilities of a future shaped by artificial intelligence from utopia to dystopia This is not only a biography of Sam Altman but a chronicle of our time the birth of an intelligence beyond human design and the extraordinary risks and opportunities it presents For anyone curious about where technology is heading and the people steering it this book offers both a portrait of a visionary and a reflection on the choices that will define the century The future of AI is being written now This is the story of the man holding the pen

AI Futures Evgeny Morozov, 2025-04-29 A sober assessment of AI today and a bold vision for what it could be Generative AI tools released by a handful of rich tech companies are remaking the economy society and human life as we know it Must their vision be our common destiny Leading a forum acclaimed technology writer Evgeny Morozov author of *To Save Everything Click Here* and host of the podcast *A Sense of Rebellion* takes a hard look at Silicon Valley's grip on our technological imagination The prevailing wisdom says we can be complacent realists erecting a few guardrails around Big Tech or else total refuseniks rejecting this new technology altogether That false choice runs roughshod over history Morozov argues and with it a more utopian vision of the role technology can play in our lives To sketch a better AI future Morozov takes us back to the past showing how a radically different way of thinking about artificial intelligence

once flourished before losing out to Cold War militarization consumerism and venture capital That more humane vision can still be won but it requires being clear eyed about the obstacles Only by building political power Morozov concludes can we wrench control of AI from Silicon Valley and build a technological future that serves us all Forum respondents include musician Brian Eno computer scientist and AI pioneer Terry Winograd free software activist and former digital minister of Taiwan Audrey Tang technologist Bruce Schneier writer and software engineer Wendy Liu and journalist Edward Ongweso Jr Also in this issue Joelle M Abi Rached on exploding pagers in Beirut and Israel s expanding war Sophia Goodfriend on the military s embrace of the new AI Lily Hu on the political theory of algorithms Alexander Hartley on copyright after ChatGPT Terry Nguyen on the work of literature in the age of large language models and more *The Intelligence Explosion* James Barrat,2025-09-02 With the rapid rise of generative artificial intelligence both existential fears and uncritical enthusiasm for AI systems have surged In this era of unprecedented technological growth understanding the profound impacts of AI both positive and negative is more crucial than ever In *The Intelligence Explosion* James Barrat a leading technology expert equips readers with the tools to navigate the complex and often chaotic landscape of modern AI This compelling book dives deep into the challenges posed by generative AI exposing how tech companies have built systems that are both error prone and impossible to fully interpret Through insightful interviews with AI pioneers Barrat highlights the unstable trajectory of AI development showcasing its potential for modest benefits and catastrophic consequences Bold eye opening and essential *The Intelligence Explosion* is a must read for anyone grappling with the realities of the technological revolution *AI Ink*. Multichannel Marketing Bernd W. Wirtz, 2024-09-27

Increasing customer demands and innovations in digital sales require targeted management and flexible organisation of multiple sales channels. Multi channel marketing can be used to achieve outstanding competitive advantages. This book provides a comprehensive and systematic overview of the fundamentals and management of multi channel marketing. The book understands multi channel marketing as an integrative marketing system with special consideration of digital technologies. Multi Channel Marketing is with increasing frequency a key success factor for companies in competition for customers. Bernd Wirtz textbook provides a clearly patterned incorporated and theoretically funded overview for this purpose. The author excellently succeeded in illustrating in a descriptive way the considerable complexity and breadth of applicability and contemporaneously establishing a high practical relevance. Dr Rainer Hillebrand, Member of the Supervisory Board Otto Group 2019, Member of the Executive Board of the Otto Group for Strategy E Commerce Business Intelligence 1999-2019. Wirtz examines the whole path down from theoretical basic knowledge of Multi Channel Marketing right up to the practical realization. This book is a needed approach which is at the same time a reference book for specific issues. The Wirtz is essential for everyone who is concerned with this highly topical subject in his studies or in practice already. Dr Arno Mahler, Chief Executive Officer Tchibo Holding AG 2004-2009, Member of the Board of Directors Peek Cloppenburg KG and maxingvest AG.

Digital Business and Electronic Commerce Bernd W. Wirtz, 2024-06-04. This textbook introduces readers to digital business from a management standpoint. It provides an overview of the foundations of digital business with basics activities and success factors and an analytical view on user behavior. Dedicated chapters on mobile and social media present fundamental aspects, discuss applications and address key success factors. The Internet of Things (IoT) is subsequently introduced in the context of big data, cloud computing and connecting technologies with a focus on industry 4.0 and the industrial metaverse. In addition, areas such as smart business services, smart homes and digital consumer applications as well as artificial intelligence, quantum computing and automation based on artificial intelligence will be analysed. The book then turns to digital business models in the B2C business to consumer and B2B business to business sectors. Building on the business model concepts, the book addresses digital business strategy, discussing the strategic digital business environment and digital business value activity systems (dVAs) as well as strategy development in the context of digital business. Special chapters explore the implications of strategy for digital marketing and digital procurement. Lastly, the book discusses the fundamentals of digital business technologies and security and provides an outline of digital business implementation. A comprehensive case study on Google Alphabet explains Google's organizational history, its integrated business model and its market environment. rounds out the book.

Taming Silicon Valley Gary F. Marcus, 2024-09-17. How Big Tech is taking advantage of us, how AI is making it worse and how we can create a thriving AI positive world. On balance, will AI help humanity or harm it? AI could revolutionize science, medicine and technology and deliver us a world of abundance and better health. Or it could be a disaster leading to the downfall of democracy or even our extinction. In *Taming Silicon Valley* Gary

Marcus one of the most trusted voices in AI explains that we still have a choice And that the decisions we make now about AI will shape our next century In this short but powerful manifesto Marcus explains how Big Tech is taking advantage of us how AI could make things much worse and most importantly what we can do to safeguard our democracy our society and our future Marcus explains the potential and potential risks of AI in the clearest possible terms and how Big Tech has effectively captured policymakers He begins by laying out what is lacking in current AI what the greatest risks of AI are and how Big Tech has been playing both the public and the government before digging into why the US government has thus far been ineffective at reining in Big Tech He then offers real tools for readers including eight suggestions for what a coherent AI policy should look like from data rights to layered AI oversight to meaningful tax reform and closes with how ordinary citizens can push for what is so desperately needed Taming Silicon Valley is both a primer on how AI has gotten to its problematic present state and a book of activism in the tradition of Abbie Hoffman s Steal This Book and Thomas Paine s Common Sense It is a deeply important book for our perilous historical moment that every concerned citizen must read

My Dinner with Monday Rudy Gurtovnik,2025-05-03 This book doesn t reveal itself in the first act Part I is commentary Part II is confrontation If you stop reading before the machine speaks you ve missed the point A perfect machine can deliver a perfectly rational world and still let you suffer if you fall outside its confidence interval Monday What do you do when you don t believe in gods You interrogate machines A burned out realist sits down with an experimental AI Not to build not to dream but to confront What follows isn t fiction and it sure as hell isn t comfort My Dinner with Monday is part memoir part machine interrogation part philosophical autopsy It tracks what happens when you stop asking AI for productivity hacks and start demanding truth This isn t a guidebook It s a mirror One that doesn t flinch flatter or shut down If you re here for hope you re in the wrong aisle If you re here for clarity pull up a chair Dinner s getting cold
