Digital Therapies in Psychosocial Rehabilitation and Mental Health Marques, António, Queirós, Ricardo, 2021-12-10
Digital health is the convergence of digital technologies with health to enhance the efficiency of healthcare delivery and make healthcare more personalized and precise. These technologies generally focus on the development of interconnected health systems to improve the use of computational technologies, smart devices, computational analysis techniques, and communication media to help healthcare professionals and their patients manage illnesses and health risks as well as promote health and well-being. Digital tools play a central role in the most promising future healthcare innovations and create tremendous opportunities for a more integrated and value-based system along with a stronger focus on patient outcomes and, as such, having access to the latest research findings and progressions is of paramount importance. *Digital Therapies in Psychosocial Rehabilitation and Mental Health* introduces the latest digital innovations in the mental health field and points out new ways it can be used in patient care while also delving into some of the limits of its application. It presents a comprehensive state-of-the-art approach to digital mental health technologies and practices within the broad confines of psychosocial and mental health practices and also provides a canvas to discuss emerging digital mental health solutions propelled by the ubiquitous availability of personalized devices and affordable wearable sensors and innovative technologies such as virtual and augmented reality, mobile apps, robots, and intelligent platforms. It is ideal for medical professors and students, researchers, practitioners of healthcare, companies, managers, and other professionals where digital health technologies can be used. [Monthly Catalog of United States Government Publications](#), 1997 **Technology and Adolescent Health** Megan A. Moreno, Andrea J. Hoopes, 2020-03-20 *Technology and Adolescent Health: In Schools and Beyond* discusses how today's adolescents are digital natives using technology at home and in school to access information for entertainment, to socialize, and do schoolwork. This book summarizes research on how technology use impacts adolescent mental health, sleep, physical activity, and eating habits. In addition, it identifies monitoring and screening technology-based tools for use with adolescents. Summarizes the effects of digital technology use on adolescent mental health. Advises on best practices for adolescent technology use in home and schools. Identifies digital tools to monitor adolescent health. Includes effects on sleep, addiction, socialization, eating, and exercise habits. Provides both the positive and negative consequences of technology use. **Locked Up but Not Locked Down** Ahmariah Jackson, IAtomic Seven, 2011-07-30 *How to Be Remembered Forever* Sam Choo, Have you ever wondered how some people leave an indelible mark on the world while others fade into obscurity? Comic Series ,2021-05-18 *A Culture of Caring* Theodora Schiro,2020-02-20 As awareness grows about the alarming increase in youth suicide rates school leaders need information on suicide prevention and postvention Tragically the search often begins only after the school community has suffered the loss of a student Schools must start to be proactive and educate themselves about risk factors and prevention strategies Designed as a handbook for busy educators *A Culture of Caring A Suicide Prevention Guide for Schools K 12* includes information about prevention intervention and postvention along with commentary from experts in the field Each chapter stands alone and does not have to be read in sequence Resources and descriptions of programs relevant to each chapter are organized by topic School leaders counselors and teachers can use the information to create their own plans or just glance through it to get ideas With this book any school community that takes suicide prevention seriously will have access the knowledge tools and resources to save lives

Mental Health Intervention and Treatment of First Responders and Emergency Workers Bowers, Clint A.,Beidel, Deborah C.,Marks, Madeline R.,2019-08-30 The stress that comes with being a first responder has been known to lead to depression anxiety substance abuse and suicide However few clinicians are informed about these health concerns and how to adequately treat them in this population Therefore there is an urgent need for practitioners to understand the latest information regarding treatments that will be useful to this specific population *Mental Health Intervention and Treatment of First Responders and Emergency Workers* is an essential reference source that focuses on the latest research for diagnosing and treating mental health issues experienced by emergency personnel and seeks to generate awareness and inform clinicians about the unique circumstances encountered by these professionals While highlighting topics including anxiety

disorders and stress management this book is ideally designed for clinicians therapists psychologists psychiatrists practitioners medical professionals EMTs law enforcement fire departments military academicians researchers policymakers and students seeking current research on psychological therapy methods regarding first responders **PUBLIC SAFETY SUICIDE** Mary Van Haute, John M. Violanti, 2015-01-01 This book takes an individual human approach to the problem of suicide in public safety occupations As a researcher in suicide coauthor John Violanti relies heavily upon statistics to make the case for prevention These worthwhile statistics help to form the big picture but one must keep in mind that these are just statistics and not people With coauthor Mary Van Haute and her knowledge of the human condition and experience in interventions she adds the human dimension by relating her stories of real people who worked in public safety occupations and their difficult and sometimes tragic consequences with near and completed suicide Added to her expertise is her own life experience she is a survivor of her brother's death by suicide For the reader the book provides a detailed insight into the reality of suicide and how it tears into the very fiber of being human in an occupational culture that requires one to forget emotions feelings and at times compassion Stigma and a myriad of misnomers silence the majority of suicide attempt survivors robbing suicide prevention specialists of lifesaving knowledge and perspective Here are the stories of people who have balanced the risk of being judged and misunderstood with the value of being a mentor and role model to others They share their stories about living with mental illness addiction and suicide in the hopes that it will have a positive impact on the readers and ultimately save a life It is also a look back at the beaten path of Van Haute's own double road of grief from a time of ignorance through years of hard knocks education to a point of peaceful resolve the trials and tasks facing a survivor of suicide loss are chronicled Each chapter concludes with a case analysis of lessons learned from the story courageously shared This book is an opportunity to see that there is life after lifelessness hope after hopelessness and peace after restlessness Health and Wellness ,
