Romantasy S How To Setup:

Alpha Male: A Forbidden Opposites Attract Romance (How to Build Unshakable Self-confidence, Attract High-quality Women, and Build a Successful Life) Theodore Jones, This isn't your usual preachy tome on how to be a man in the modern world. No, this one cuts through the bull speaking to those guys out there who are trying to navigate the murky waters of love and respect without losing their soul or playing the fool. A guy who stands tall not because he can shout the loudest but because he's got an unshakeable core of integrity, respect, and a damn good understanding of who he is. I have to find a way to keep her safe without finding out her brother and I are CIA. Faking being her boyfriend to protect her seems easy enough until I learn that this spitfire still got her V-card. The more time I spend with her, the harder it gets to keep my head in the game and my hands off of her. This book is more for men who like to build relationships, have long-term non-monogamous relationships, and maintain them or men who like long-term monogamous relationships, whether that be marriage or just the regular committed relationship.

But how do you write a book in seventeen syllables? How can you cram compelling conflict, satisfying character development, and toe-curling romantic tension into less than sixty thousand words? In *Crafting Category Romance*, two-time RITA™ nominated author of nearly one hundred books, Amy Lane describes the rules of engagement, traps to watch out for, and how to leverage common tropes to create conflict, craft a character, develop a plot, and leave readers with a happy ever after that's different every time, all in a tidy package. With practical exercises in plot, conflict, and character development, *Crafting Category Romance* will teach you how to use the rigid rules and expectations of the genre to your advantage and win a loyal readership following for life.
