Interactive Design Andy Pratt, Jason Nunes, 2012-11-01 User experience design is one of the fastest growing specialties in graphic design. Smart companies realize that the most successful products are designed to meet the needs and goals of real people, the users. This means putting the user at the center of the design process. This innovative, comprehensive book examines the user-centered design process from the perspective of a designer. With rich imagery, *Interactive Design* introduces the different UX players, outlines the user-centered design process from user research to user testing, and explains through various examples how user-centered design has been successfully integrated into the design process of a variety of design studios worldwide.
