The Future of Outer Space Law Anna Marie Brennan,2025-06-27 This book identifies and discusses problems and opportunities for the future theory and practice of outer space law The corpus of outer space law including the Outer Space Treaty 1967 has faced multiple challenges and critiques In recent times these have included advances in technology the militarisation of outer space space debris and geopolitics The prominent and emerging contributors to this collection draw on diverse research frameworks to discuss proposals for the future of outer space law and policy These include addressing regulatory gaps and under examined and emerging areas of the law but also beyond the Outer Space Treaty especially related to potential extraterrestrial settlements satellites technology self defence self determination and the environment The book discusses the tensions between universalism and localisation as well as the regionalisation of outer space law and policy and how these approaches might adapt to create a dynamic space industry for the future This book is both practical and theoretical in scope and will be of interest to academics researchers and students It will also be of interest to international organisations diplomats and other government officials and policymakers

The Making of Chinese Criminal Law Ying Ji,2021-03-08 By examining the reasons behind the preventive criminalization of Chinese criminal law this book argues that the shift of criminal law generates popular expectations of legislative participation and meets punitive demands of the public but the expansion of criminal law lacks effective constraints which will keep restricting people s freedom in the future The book is inspired by the eighth amendment of Chinese criminal law in 2011 which amended several penalties related to road drug and environmental safety It is on the eighth amendment that subsequent amendments have been based The amendment stemmed from a series of nationally known incidents that triggered widespread public dissatisfaction with the Chinese criminal justice system Based on John Kingdon s theory of the multiple streams the book explains the origins of the legislative process and its outcomes by examining the role of public opinion policy experts and political actors in the making of Chinese criminal law It argues that in authoritarian China the prominence of risk control through criminal justice methods is a state response to uncertainties generated through reforms under the CCP s leadership The process of criminal lawmaking has become more responsive and inclusive than ever before even though it remains a consultation with the elites within the framework set by the Chinese Communist Party CCP including representatives of the Lianghui government ministries academics and others The process enhances the CCP s legitimacy by not only generating popular expectations of legislative participation but also by meeting the punitive demands of the public The book will be of interest to academics and researchers in the areas of Chinese criminal law and comparative law
