In his first non fiction book this prolific author takes an amateur fan s look at the science and silliness of the Marvel Cinematic Universe and tries to understand how their meteoric success of the 2008 2019 era could have seemingly soured so dramatically as they moved into Phase 4 and beyond Are things really as bad as they seem Are the cracks in the Marvel edifice something new or have they been there all along but willingly overlooked by audiences who were dazzled by the sprawling unprecedented spectacle that Marvel initially unleashed on the eager cinematic world Is this juggernaut really heading for a cliff and if so how can it be turned around The answers may surprise you or they may be the same things you ve been thinking all along Now Updated for Thunderbolts Reorienting Chinese Stars in Global Polyphonic Networks Dorothy Wai Sim Lau, 2021-03-08 This monograph offers a cutting edge perspective on the study of Chinese film stars by advancing a linguaphonic model moving away from a conceptualization of transnational Chinese stardom reliant on the centrality of either action or body It encompasses a selection of individual personalities from the most iconic Bruce Lee Michelle Yeoh and Maggie Cheung to the not yet full fledged Takeshi Kaneshiro Jay Chou and Tang Wei to the newest Fan Bingbing Liu Yifei Wen Ming Na and Sammi Cheng who are exemplary to the star making practices in the designated sites of articulations This volume notably pivots on specific phonic modalities spoken forms of tongues manners of enunciation styles of vocalization as means to mine ethnic and ideological underpinnings of Chinese stardom By indicating a methodological shift from the visual based to aural based vectors it asserts the phonic as a legitimate bearing that can generate novel vigor in the reimagination of Chineseness By exhausting the critical affordability of the phonic this book unravels the polemics of visibility and aurality body and voice as well as onscreen personae and offscreen existence remapping the contours of the ethnic fame making in
