This book not only prepares students to pass their exams but also prepares pediatricians for general pediatric encounters emphasizing all new updates from the American Academy of Pediatrics and American Board of Pediatrics. It has proved very popular among new pediatricians and new pediatric residents worldwide. In the last 3 years the AAP and ABP have released a lot of updates such as management of fever in well appearing infants, COVID 19 asthma management and new vaccine guidelines from the CDC. The pediatric board exam always includes new diseases which are included in each chapter as well as new questions and answers that must be added to the last minute review chapter as well as other questions to be edited to follow the new recommendations and guidelines in pediatrics. New pictures and better quality illustrations are also included.
