Hinkle,2021-12-14 For twenty seven years renowned and beloved monk Thomas Merton 1915 1968 belonged to Our Lady of Gethsemani a Trappist monastery established in 1848 amid the hills and valleys near

Bardstown Kentucky In Thomas Merton's Gethsemani dramatic black and white photographs by Harry L Hinkle and artful text by Merton scholar Monica Weis converge in a unique experience for lovers of Merton Hinkle was allowed unprecedented access to many areas inside the monastery and on its grounds that are generally restricted His photographs invite the reader to experience the various knobs lakes woods and hermitages Merton sought out for times of solitude and contemplation and for reading and writing These unique images each accompanied by a passage from Merton's writings evoke personal reflection and a deeper understanding of how and why Merton came to recognize himself as a part of his Kentucky landscape Woven throughout the book Weis's text explores Merton's fascination with nature not only at Gethsemani but during his early childhood throughout his spiritual conversion to Roman Catholicism and while a member of the Trappist community She examines how Merton's lifelong interaction with nature subtly revealed and informed his profound spiritual experiences and his writing about contemplation Thomas Merton's Gethsemani replicates Merton's path on his solitary hikes in the woods and conveys the wonder of the landscapes that inspired him

In the School of Prophets Ephrem Arcement, 2015-03-31 The distinctive prophetic quality of Thomas Merton's spirituality shaped by figures ranging from the Hebrew prophets to Thich Nhat Hanh emerges from this fresh examination of the works Merton read responded to and celebrated in his own writing In the School of Prophets examines the final decade of Merton's life mainly through the lens of his journals and letters and helps to fill a gap in contemporary Merton studies William Blake and various Latin American poets novelists Boris Pasternak Albert Camus and William Faulkner existentialists S ren Kierkegaard and Gabriel Marcel monks of the Egyptian desert and Bernard of Clairvaux number among those who helped shape Merton's prophetic consciousness leading him to reexamine what it means to be both a human being and a contemplative monk of the twentieth century

A Way to God Matthew Fox, 2016-04-01 This unique reflection was prompted by an invitation Matthew Fox received to speak on the centennial of Thomas Merton's birth Fox says that much of the trouble he's gotten into such as being excommunicated in 1993 from the Dominican Order by Cardinal Ratzinger who later became Pope Benedict was because of Thomas Merton who sent Fox to Paris to complete a doctoral program in philosophy Fox found that Merton's journals poetry and religious writings revealed a deeply ecumenical philosophy and a contemplative life experience similar to that of Meister Eckhart the fourteenth century mystic theologian who inspired Fox's own creation spirituality It is little surprise to find Fox and Merton to be kindred spirits but the intersections Fox finds with Eckhart are intellectually profound spiritually enlightening and delightfully engaging

CHOOSING TO LOVE THE WORLD (EasyRead Large Bold Edition), **Thomas Merton's Dark Path** William H. Shannon, 1987-03-01 In the mystical tradition the dark or apophatic way has a long history It is the way of John of the Cross of Master Eckhart of Juliana of Norwich of the anonymous author of The Cloud of Unknowing and of Thomas Merton This dark path of contemplation that Merton followed wrote about extensively and considered the focal point of his life is the subject of William H Shannon's book

Thomas Merton's Art of Denial David D. Cooper, 2008-12-01 Trappist monk and

best selling author Thomas Merton battled constantly within himself as he attempted to reconcile two seemingly incompatible roles in life As a devout Catholic he took vows of silence and stability longing for the security and closure of the monastic life But as a writer he felt compelled to seek friendships in literary circles and success in the secular world In Thomas Merton s Art of Denial David D Cooper traces Merton s attempts to reach an accommodation with himself to find a way in which the silence of the monk could live compatibly with the racket of the writer From the roots of this painful division in the unsettled early years of Merton s life to the turmoil of his directionless early adult years in which he first attempted to write he was besieged with self doubts Turning to life in a monastery in Kentucky in 1941 Merton believed he would find the solitude and peace lacking in the quotidian world But as Merton once wrote An author in a Trappist monastery is like a duck in a chicken coop And he would give anything in the world to be a chicken instead of a duck Merton felt compelled to choose between life as either a less than perfect priest or a less prolific writer Discovering in his middle years that the ideal monastic life he had envisioned was an impossibility Merton turned his energies to abolishing war It was in this pursuit that he finally succeeded in fusing the two sides of his life converting his frustrated idealism into a radical humanism placed in the service of world peace Here is a portrait of a man torn between the influence of the twentieth century and the serenity of the religious ideal a man who used his own personal crises to guide his youthful ideals to a higher purpose Buddhismus und Christentum

Knabb,2021-11-30 What would it look like to turn to the Christian faith to cultivate meditation practices Presenting Christian meditation as an alternative to Buddhist informed mindfulness this workbook from Dr Joshua Knabb offers a Christian sensitive approach to meditation in clinical practice focusing on both building theory and providing replicable practices for Christian clients and their therapists *The Reader's Adviser* ,1977 **Christian Mindfulness** Peter Tyler,2018-09-28 Many Christian commentators have been taken aback by the seemingly unstoppable rise of the mindfulness

revolution that has occurred over the past decade But there are many Christians who worry that mindfulness techniques constitute a covert import from Buddhism How far are Christians adopting Buddhist techniques ideas and ideologies Do we risk squaring Buddhist ideology and approaches to fit the Christian circle Beginning with an exploration of the practice of mindfulness in its Buddhist origins Peter Tyler reflects on the practical use of mindfulness its place within the Christian tradition of prayer and its future within the Christian tradition Tyler argues that far from a foreign import mindfulness is not only endemic but essential to the Christian understanding of how the human person relates to the divine Each chapter concludes with practical exercises to help the reader in their understanding of mindfulness in the Christian context
