Gingold, 2009-11 When attorney Jeffrey N Gingold misplaced his wife on the living room couch and became lost while driving just blocks from his home little did he know that he was experiencing a hidden symptom of multiple sclerosis cognitive difficulties Facing the Cognitive Challenges of Multiple Sclerosis is a courageous and compelling personal account of one mans anguishing struggle with this aspect of the disease It was written for the silent majority of MS patients who are privately dealing with MS cognitive symptoms and potential disabilities The National Multiple Sclerosis Society estimates that over 400 000 people in the U S have been diagnosed with multiple sclerosis and there are millions more worldwide Conservatively speaking half of them will encounter varying degrees of cognitive difficulties Facing the Cognitive Challenges of Multiple Sclerosis brings this hidden disability into the open It is an essential resource that will educate individuals coping with multiple sclerosis and inform their families caregivers doctors and therapists

Handbook of Social Work in Health and Aging Barbara Berkman, 2006-02-09 The Handbook of Social Work in Health and Aging is the first reference to combine the fields of health care aging and social work in a single authoritative volume These areas are too often treated as discrete entities while the reality is that all social workers deal with issues in health and aging on a daily basis regardless of practice specialization As the baby boomers age the impact on practice in health and aging will be dramatic and social workers need

more specialized knowledge about aging health care and the resources available to best serve older adults and their families. The volume's 102 original chapters and 13 overviews written by the most experienced and prominent gerontological health care scholars in the United States and across the world provide social work practitioners and educators with up to date knowledge of evidence based practice guidelines for effectively assessing and treating older adults and their families new models for intervention in both community based practice and institutional care and knowledge of significant policy and research issues in health and aging. A truly monumental resource, this handbook represents the best research on health and aging available to social workers today. *Health and Medicine* Ross M. Mullner, 2011-06-28. The SAGE Reference Series on Disability is a cross disciplinary and issues based series incorporating links from varied fields that make up Disability Studies. This volume tackles issues relating to health and medicine.

Facing the Cognitive Challenges of Multiple Sclerosis Jeffrey Gingold, 2011-06-17. When attorney Jeffrey N. Gingold misplaced his wife on the living room couch and lost awareness of his children, little did he know that he was experiencing a hidden symptom of multiple sclerosis: cognitive difficulties. How do you handle getting lost while driving just blocks from your home? *Facing the Cognitive Challenges of Multiple Sclerosis* is a courageous and compelling personal account of one man's anguishing struggle with this aspect of the disease. It is written for the silent majority of MS patients who are privately dealing with MS cognitive symptoms and potential disabilities. The National Multiple Sclerosis Society estimates that over 400,000 people in the U.S. have been diagnosed with multiple sclerosis, and there are millions more worldwide. Conservatively speaking, half of them will encounter varying degrees of cognitive difficulties. *Facing the Cognitive Challenges of Multiple Sclerosis* brings this hidden disability into the open. It is an essential resource that will educate individuals coping with multiple sclerosis and inform their families, caregivers, doctors, and therapists. This new edition has been revised with on point cognitive strategies and updated MS resources. The book includes a new foreword written by Dr. Dawn Langdon of the UK MS Trust and four completely new chapters that follow Jeffrey's journey since 2006. He openly explores some MS physical symptoms which may accompany the thinking impediments that strike at his cognitive awareness and functions. Jeffrey carves a path of finding physical and cognitive wellness as well as weighing the need to accept beneficial MS medical therapies. Not only did he become more active in the movement to cure MS, the progression of his MS led to a more controversial MS treatment in effort to make his disease manageable. Jeffrey also shares the benefits of introducing a safety person into a life with MS and the strength gained from helping others, even while they may be assisting you. Whether or not a person is dealing with the cognitive issues associated with multiple sclerosis, this book deserves to be on the bookshelf of every individual who is dealing with multiple sclerosis.

Multiple Sclerosis Therapeutics Jeffrey A. Cohen, Richard A. Rudick, 2007-03-06. Since the publication of the previous edition of this volume, there has been substantial progress in a number of areas of multiple sclerosis (MS) research. Although immunosuppressive treatments continue to be developed and refined, more targeted immunomodulatory therapies are

surfacing as we learn more about how the immune system works in health and disease. **Medical Sociology: Coping with illness** Graham Scambler, 2005 **Cumulated Index Medicus**, 1993 **Psychotherapy for Neuropsychological Challenges** A. S. Aniskiewicz, 2010-12-02 This book is a unique and timely addition to the literature for it provides approaches for dealing with the cognitive and emotional consequences of common neurological diseases. There is growing awareness of the impact that psychological factors and the treatment of those factors have on the disease process itself. The attitude of mind and therapeutic strategies described in the book are informed by mindfulness based acceptance and intervention approaches that are gaining increasing recognition. This work is the first to offer clinicians help with addressing the psychological aspects of severe neurological disorders. *Resources for People with Disabilities and Chronic Conditions*, 2002
