and Technology Indicators Wolfgang Glänzel, Henk F. Moed, Ulrich Schmoch, Mike Thelwall, 2019-10-30 This handbook presents the state of the art of quantitative methods and models to understand and assess the science and technology system. Focusing on various aspects of the development and application of indicators derived from data on scholarly publications, patents, and electronic communications, the individual chapters written by leading experts discuss theoretical and methodological issues, illustrate applications, highlight their policy context and relevance, and point to future research directions. A substantial portion of the book is dedicated to detailed descriptions and analyses of data sources presenting both traditional and advanced approaches. It addresses the main bibliographic metrics and indexes such as the journal impact factor and the h index, as well as altmetric and webometric indicators and science mapping techniques on different levels of aggregation and in the context of their value for the assessment of research performance, as well as their impact on research policy and society. It also presents and critically discusses various national research evaluation systems. Complementing the sections reflecting on the science system, the technology section includes multiple chapters that explain different aspects of patent statistics, patent classification, and database search methods to retrieve patent-related information. In addition, it examines the relevance of trademarks and standards as additional technological indicators. The Springer Handbook of Science and Technology Indicators is an invaluable resource for practitioners, scientists, and policy makers wanting a systematic and thorough analysis of the potential and limitations of the various approaches to assess research and research performance.

Ticket Masters Dean Budnick, Josh Baron, 2012-04-24 A clear, comprehensive look at a murky business. The Wall Street Journal: Your favorite band has just announced their nationwide tour. Should you pay to join their fan club and get in on the pre-sale? No, you decide to wait. But the on-sale date arrives, and the site is jammed. You can't get on, and the concert is sold out in six minutes. What happened? What now? Music journalists Dean Budnick and Josh Baron chronicle the behind-the-scenes history of the modern concert industry. Filled with entertaining rock and roll anecdotes about The Rolling Stones, The Grateful Dead, Pearl Jam, and more, and charting the emergence of players like Ticketmaster, StubHub, Live Nation, and Outbox, Ticket Masters will transfix every concertgoer who wonders just where the price of admission really goes. This edition has an updated epilogue that covers recent industry developments.

Customer Loyalty Ethan Evans, 2025-02-28 Customer Loyalty explores how businesses can cultivate lasting customer relationships, increase customer retention, and turn satisfied customers into brand advocates. The core of the book emphasizes understanding Customer Lifetime Value (CLTV), implementing customer-centric strategies, and using data-driven personalization to foster loyalty. Surprisingly, many businesses underestimate CLTV, a critical metric for prioritizing customer relationships. Moreover, true loyalty requires a company-wide cultural shift impacting every facet, from product development to customer service. The book argues that customer loyalty is not just desirable but essential for sustained success. It moves beyond traditional acquisition-focused marketing to highlight the importance of retaining existing customers in an era where consumers expect more than just a

product they seek experiences and value Progressing through four sections the book first defines modern customer loyalty and key performance indicators KPIs It then dives into building lasting relationships through consistent customer experiences effective communication and proactive problem solving The book offers practical guidelines for implementing loyalty programs incorporating case studies and statistical data to support its arguments Create Scarcity and Demand on Purpose: How to Use Urgency the Right Way Simon Schroth,2025-04-05 Scarcity and urgency are powerful marketing tools when used correctly Create Scarcity and Demand on Purpose shows you how to use these techniques ethically to build excitement around your products increase conversions and drive sales This book teaches you how to implement urgency and scarcity strategies that feel natural to your customers while creating a sense of exclusivity and value You ll learn how to design limited time offers flash sales and product launches that leverage scarcity to motivate action The book also covers psychological triggers that make urgency so effective how to communicate scarcity without coming off as manipulative and how to balance urgency with customer satisfaction Whether you re running an online store offering a service or launching a new product this book will help you use urgency to create demand and drive more sales without compromising your brand integrity If you re ready to harness the power of scarcity and urgency to accelerate your business growth Create Scarcity and Demand on Purpose provides you with the tools to do so effectively and ethically AUUGN ,1999-11 **The AOL/Time Warner Merger** United States.
