## **Goodreads Choice Spotify This Week:**

**Online Gravity** Paul X. McCarthy, 2015-06-04 Why have local video shops disappeared and been replaced by Netflix Why are hotels being replaced by AirBnB Why is Amazon the only company who can sell you the book you want to read And why is there no Pepsi in cyberspace They are all under the influence of Online Gravity the unseen force driving the way business is done online and changing the face of work and employment now and over the coming decades Online Gravity has formed huge planet like companies which dominate the online business world and either eat up or blitz their competition We all hear about jobs being replaced by technology McCarthy industry expert and big data analyst shows that rather than reducing jobs Online Gravity has replaced 2 6 jobs for every one lost And while the phenomenon of Online Gravity is startling it is entirely transparent and follows its own distinct set of rules and laws McCarthy identifies the secret sauces that have not only driven success for these companies but can help us and our children as workers and future business owners of the 21st century In this must have guide to negotiating our future in an increasingly digital world he shows us what Online Gravity is how it works and how we can harness it for our own success Witty pithy and full of astounding ideas Online Gravity is not only a highly enjoyable read but an essential handbook for the decades ahead

**Turning the Page** Angus Phillips, 2014-02-05 This is an exciting period for the book a time of innovation experimentation and change It is also a time of considerable fear within the book industry as it adjusts to changes in how books are created and consumed The movement to digital has been taking place for some time but with consumer books experiencing the transition the effects of digitization can be clearly seen to everybody In Turning the Page Angus Phillips analyses the fundamental drivers of the book publishing industry authorship readership and copyright and examines the effects of digital and other developments on the book itself Drawing on theory and research across a range of subjects from business and sociology to neuroscience and psychology and from interviews with industry professionals Phillips investigates how the fundamentals of the book industry are changing in a world of ebooks self publishing and emerging business models Useful comparisons are also made with other media industries which have undergone rapid change such as music and newspapers This book is an ideal companion for anyone wishing to understand the transition of the book writing and publishing in recent years and will be particularly relevant to students studying publishing media and communications

**Podcasting** Junior Tidal, 2021-05-06 Podcasting A Practical Guide guides librarians through the process of creating a podcast It will help librarians digitally record their podcasts which can highlight library collections connect with patrons provide library instruction and market library services across the Internet Highlights include Step by step guidance for how to record a podcast specifically tailored for libraries and librarians Specifications on what kind of equipment software and hardware is necessary to record their own episodes Pre production techniques including script writing storyboard creation and how to find guests will be explored Coverage of the post production stage including audio editing incorporating music and effects and mixing episodes down for distribution will be explored Resources

for help with on marketing the podcast using freely available and Creative Commons media to enhance episodes privacy issues related to the medium and making content accessible
