Television Show Trends, 2016-2020 Yvonne D. Leach, Nicholas J. Natalicchio, 2023-11-20 What do Euphoria Normal People Atlanta Ramy Vida I May Destroy You Stranger Things and Lovecraft Country have in common In the 2016 2020 time period they were created these TV shows exemplified one or more of four noteworthy trends authenticity diversity sexual candor and retrospection This is the first book to examine live action fictional television shows produced within a five year period through the lens of the trends that they epitomize For each show the following is discussed the significance of the platform and the format the intentions of the creators and showrunners pertinent background information similar shows and precedents the storytelling approach the cinematic form and finally how the show is emblematic of that particular trend Since trends have the possibility of becoming part of the mainstream they are important to identify as they emerge especially for viewers who have a keen interest in narrative television shows

Truth Claims Across Media Beate Schirmacher, Nafiseh Mousavi, 2023-12-20 This book offers an intermedial approach to truthful communication Bringing together a wide range of media types and interactions from a transmedial perspective the volume maps out how truth claims are made in different contexts and how different media promise to create a truthful perception of the social world The flexible communicative possibilities of digital technology have a significant impact on our perception of truth and truthfulness of communication Bot accounts deep fake videos or AI technology draw attention to how reliable communication is destabilized and questioned In this unstable climate binaries such as true false authentic fake and fiction facts are difficult to apply Instead it is crucial to investigate how media products construct truthfulness in different ways The volume brings together various media types and contexts such as press conferences documentaries and mockumentaries images in magazines and on social media horror movies biopics and educational games and explores how truth claims authenticity discourses and knowledge communication are established and how they collide merge or are confused This is an open access book

A Hero in All of Us? Stephen Clouse, Aaron Kushner, 2024-08-26 Is heroism possible for everyone Should it be What kinds of stories do we tell when we talk about heroes and what do these stories reveal about how we view ourselves This book takes up these questions and more by reflecting on twenty first century American television shows Among the shows examined are Only Murders in the Building Game of Thrones The Good Lord Bird The Boys and Severance What we find is an entertainment landscape unsure about what a hero is or even what qualifies as heroic In a nation uncertain about heroism we see a dramatic rise in the popularity of the anti hero and even in worlds without heroes This fragmented variety highlights how the American political mind is similarly fragmented in what it believes are its highest aspirations and its deepest anxieties It is this fragmentation that may help us understand why twenty first century entertainment has elevated the heroic to the supernatural while simultaneously democratizing heroism to the point where anyone may become one A Hero in All of Us Heroism and American Political Thought as Seen on TV explores this multifaceted landscape to better understand how

Americans view their heroes and themselves

Survival and Resistance in Evangelical America Crawford

Gribben, 2021-02-23 Over the last thirty years conservative evangelicals have been moving to the Northwest of the United States where they hope to resist the impact of secular modernity and to survive the breakdown of society that they anticipate. These believers have often given up on the politics of the Christian Right, adopting strategies of hibernation while developing the communities and institutions from which a new America might one day emerge. Their activity coincides with the promotion by prominent survivalist authors of a program of migration to the American Redoubt, a region encompassing Idaho, Montana, parts of eastern Washington and Oregon and Wyoming as a haven in which to endure hostile social change or natural disaster and in which to build a new social order. These migration movements have independent origins but they overlap in their influences and aspirations, working in tandem to offer a vision of the present in which Christian values must be defended as American society is rebuilt according to biblical law. This book examines the origins, evolution and cultural reach of this little noted migration and considers what it might tell us about the future of American evangelicalism. Drawing on Calvinist theology, the social theory of Christian Reconstruction and libertarian politics, these believers are projecting significant soft power. Their books are promoted by leading mainstream publishers and listed as New York Times bestsellers. Their strategy is gaining momentum, making an impact in local political and economic life while being repackaged for a wider audience in publications by a broader coalition of conservative commentators and in American mass culture. This survivalist evangelical subculture recognizes that they have lost the culture war but another kind of conflict is beginning.

The Anachronistic Turn Stephanie Russo, 2023-12-01 The Anachronistic Turn: Historical Fiction, Drama, Film and Television is the first study to investigate the ways in which the creative use of anachronism in historical fictions can allow us to rethink the relationship between past and present. Through an examination of literary, cinematic and popular texts and practices, this book investigates how twenty-first century historical fictions use creative anachronisms as a way of understanding modern issues and anxieties. Drawing together a wide range of texts across all forms of historical fiction, novels, dramas, musicals, films and television, this book re-frames anachronism not as an error but as a deliberate strategy that emphasises the fictionalising tendencies of all forms of historical writing. The book achieves this by exploring three core themes: the developing trends in the twenty-first century for creators of historical fiction to include deliberate anachronisms such as contemporary references, music and language; the ways in which the deliberate use of anachronism in historical fiction can allow us to rethink the relationship between past and present; and the way that contemporary historical fiction uses anachronism to better understand modern issues and anxieties. This book will appeal to students and scholars of historical fiction, contemporary historical film and television studies and historical theatre studies.
