cliques and politics of the carelessly entitled Eighteen months later Foster will be expelled following a tragic scandal that leaves Kennedy and its students irreparably changed When our nameless narrator inherits Foster s old dorm room he begins an epic yearslong investigation into what exactly happened Through interviews with former classmates Foster s blog posts playlists and text archives and the narrator s own obsessive imagination a story unfurls Foster s yes but also one that asks us who owns our personal narratives and how we shape ourselves to be the heroes or villains of our own stories Foster Dade Explores the Cosmos is about privilege and power the pitfalls of masculinity and its expectations and most distinctly how we create the mythologies that give meaning to our lives With his debut novel Nash Jenkins brilliantly captures the emotional intensities of adolescence in the dizzying early years of the 21st century Haywire Andrew Hindmoor,2024-06-13 In this fascinating book Andrew Hindmoor makes sense of the tangled past we have just lived through sprinkling wit insight and analytical verve over his energetic narrative In contemporary British political history his will be the distinctive voice of his generation Peter Hennessy Vladimir Lenin an occasional resident of North London who went on to other things has been credited with once saying that there are decades where nothing happens but weeks when decades happen The first two and a half decades of this century in Britain have had plenty of those weeks Indeed our recent history has at times resembled an episode of Casualty the long running BBC hospital drama in which every hedge trimmer slips every gas pipe leaks every piece of scaffolding collapses and everyone ends up in intensive care In Haywire Andrew Hindmoor makes sense of the deluge of events which have rained down on Britain since 2000 from the Iraq War to financial collapse austerity to Brexit as well as more easily forgotten moments such as the MP s expenses scandal He shows not simply how one crisis has quickly followed another but how each crisis has compounded the next so that disaster feels like the new normal Has Britain simply been the victim of a particularly prolonged run of bad luck which will sooner or later come to an end No Hindmoor argues that the way the British state is organised has time and again made a crisis out of a drama and that it is time to find an alternative before we all go haywire **Apple Computing for Seniors in easy steps** Nick Vandome,2015-02-25 Apple Computing for Seniors in easy steps shows how to put the fun back into your computing experiences even Seniors can now enjoy the sleek and stylish world of Apple computing Presented in larger type for easier reading Computing is no longer a standalone activity on a single device and Apple has created a range of products to help with all of your computing needs whether you are using a Mac computer an iPhone an iPad or an iPod Touch or a combination of all three Apple s products are not created in isolation the aim is to create a seamless experience whether using a Mac computer an iPhone or an iPad and ensure that content from one device can easily be accessed and opened on another device This is done largely through the online iCloud service which can be used to store and backup content from Apple devices and then make this content available to other compatible Apple devices This is done with a unique Apple ID and can be used to view items such as photos documents calendars address books and notes on Mac computers iPhones iPads and iPod Touches Although this book focuses

on the use of Mac computers it also covers using mobile Apple devices with iOS 8 and the iCloud service Covers OS X Yosemite
