Lema, 1999-05-15 All of the articles in this volume focus on the interaction of form and meaning Most of them are developed under the principal thesis of the Minimalist Program These works show that the theoretical linguistic trend is to discover semantic aspects which are assumed to have visible syntactic repercussions through morphosyntactic and morphosemantic features The Idea of the Vernacular Jocelyn Wogan-Browne, Ian Richard Johnson, 1999 This pioneering anthology of Middle English prologues and other excerpts from texts written between 1280 and 1520 is one of the largest collections of vernacular literary theory from the Middle Ages yet published and the first to focus attention on English literary theory

before the sixteenth century It edits introduces and glosses some sixty excerpts all of which reflect on the problems and opportunities associated with writing in the mother tongue during a period of revolutionary change for the English language The excerpts fall into three groups illustrating the strategies used by medieval writers to establish their cultural authority the ways they constructed audiences and readerships and the models they offered for the process of reading Taken together the excerpts show how vernacular texts reflected and contributed to the formation of class gender professional and national identity They open windows onto late medieval debates on women s and popular literacy on the use of the vernacular for religious instruction or Bible translation on the complex metaphorical associations contained within the idea of the vernacular and on the cultural and political role of the courtly writing associated with Chaucer and his successors Besides the excerpts the book contains five essays that propose new definitions of medieval literary theory discuss the politics of Middle English writing the relation of medieval book production to notions of authorship and the status of the prologue as a genre and compare the role of the medieval vernacular to that of postcolonial literatures The book includes a substantial glossary that constitutes the first mapping of the language and terms of Middle English literary theory The Idea of the Vernacular will be an invaluable asset not only to Middle English survey courses but to courses in English literary and cultural history and courses on the history of literary theory **The Idea of the Novel in Europe, 1600-1800** Ioan Williams,1979-05-24

A.B. has returned; or, The romance of advertising A. B.,1856 *The Routledge Research Companion to Popular Romance Fiction* Jayashree Kamblé, Eric Murphy Selinger, Hsu-Ming Teo, 2020-08-11 Popular romance fiction constitutes the largest segment of the global book market Bringing together an international group of scholars The Routledge Research Companion to Popular Romance Fiction offers a ground breaking exploration of this global genre and its remarkable readership In recognition of the diversity of the form the Companion provides a history of the genre an overview of disciplinary approaches to studying romance fiction and critical analyses of important subgenres themes and topics It also highlights new and understudied avenues of inquiry for future research in this vibrant and still emerging field The first systematic comprehensive resource on romance fiction this Companion will be invaluable to students and scholars and accessible to romance readers Topics in Romance Syntax Osvaldo Jaeggli, 2021-03-22 No detailed description available for Topics in Romance Syntax The Idea of Anglo-Saxon England in Middle English Romance Robert Allen Rouse, 2005 Using a variety of texts but the Matter of England romances in particular the author argues that they show a continued interest in the Anglo Saxon past from the localised East Sussex legend of King Alfred that underlies the twelfth century Proverbs of Alfred to the institutional interest in the Guy of Warwick narrative exhibited by the community of St Swithun s Priory in Winchester during the fifteenth century they are part of a continued cultural remembrance that encompasses chronicles folk memories and literature BOOK JACKET **Chesterton and the Romance of Orthodoxy** William Oddie, 2010-04-01 On the publication of Orthodoxy in 1908 Wilfrid Ward hailed G K Chesterton as a prophetic figure whose

thought was to be classed with that Burke Butler Coleridge and John Henry Newman When Chesterton died in 1936 T S Eliot pronounced that Chesterton s social and economic ideas were the ideas for his time that were fundamentally Christian and Catholic But how did he come by these ideas Eliot noted that he attached significance also to his development to his beginnings as well as to his ends and to the movement from one to the other It is on that development that this book is focused Chesterton and the Romance of Orthodoxy is an exploration of G K Chesterton s imaginative and spiritual development from his early childhood in the 1870s to his intellectual maturity in the first decade of the twentieth century William Oddie draws extensively on Chesterton s unpublished letters and notebooks his journalism and his early classic writings to reveal the writer in his own words In the first major study of Chesterton to draw on this source material Oddie charts the progression of Chesterton s ideas from his first story composed at the age of three and dictated to his aunt Rose to his apologetic masterpiece Orthodoxy in which he openly established the intellectual foundations on which the prolific writing of his last three decades would build Part One explores the years of Chesterton s obscurity his childhood his adolescence his years as a student and a young adult Part Two examines Chesterton s emergence on to the public stage his success as one of the leading journalists of his day and his growing renown as a man of letters Written to engage all with an interest in Chesterton s life and times Oddie s accessible style ably conveys the warmth and subtlety of thought that delighted the first readership of the enigmatic GKC

Essential Scots and the Idea of Unionism in Anglo-Scottish Literature, 1603-1832 Rivka Swenson, 2015-12-30 John Locke asked since all things that exist are merely particulars how come we by general terms Essential Scots and the Idea of Unionism in Anglo Scottish Literature 1603 1832 tells a story about aesthetics and politics that looks back to the 1603 Union of Crowns and James VI I s emigration from Edinburgh to London Considering the emergence of British unionism alongside the literary rise of both description and the individual Rivka Swenson builds on extant scholarship with original close readings that illuminate the inheritances of 1603 a date of considerable but untraced importance in Anglo Scottish literary and cultural history whose legacies are still being negotiated today The 1603 Union of Crowns spurred interest in exploring the aesthetic politics of unionism in relation to an alleged Scottish essence that could be manipulated to resist or support Britishness even as the king s emigration generated a legacy of gendered representations of traveling Scots and Scotlands left behind Discussing writers such as Bacon Defoe Smollett Johnson Macpherson Ferrier and Scott along with lesser known or forgotten popular authors and ballads transparencies newspapers joke books cant dictionaries political speeches histories travel narratives engravings material artifacts such as medals and snuffboxes Essential Scots describes the years 1603 to 1832 as a crucial period in British history Paradoxically the political and cultural exploration of ideas about unionism in relation to a supposed essential Scottishness participated in the increasing prominence of both description and the individual in nineteenth century Scottish literature Swenson persuasively concludes that essential Scottishness as both identity and symbolism was refigured to mediate a national synthesis between the

emergent individual and the nascent British nation as well as the naturalized even de politicized literary synthesis of particulars within putatively analogous narrative wholes **American Historical Fiction** Lynda G. Adamson, 1998-10-21 This publication will fill a gap in the bibliographic reference shelf by identifying historical novels for both adult and young adult readers I American Historical Fiction R contains over 3 000 titles set in states and historical regions of the United States Entries are organized by time period The newest titles as well as old favorites are covered The volume is indexed by author title genre subject and geographic setting **Magic and the Supernatural in Medieval English Romance** Corinne J. Saunders, 2010 This study looks at a wide range of medieval English romance texts including the works of Chaucer and Malory from a broad cultural perspective to show that while they employ magic in order to create exotic escapist worlds they are also grounded in a sense of possibility and reflect a complex web of inherited and current ideas Book Jacket **Right Peripheral Fragments** Javier Fernández-Sánchez, 2020-02-15 In recent years a number of authors De Vries 2009 Truckenbrodt 2015 Ott and de Vries 2016 inter alia have defended that right dislocations RD should be treated as bisentential structures where the dislocated constituent is actually a remnant of a clausal ellipsis operation licensed under identity with an antecedent clause Although Romance RD is a fertile area of research the consequences of the biclausal analysis remain unexplored in these languages This monograph intends to fill this gap Adopting this approach not only solves some issues that have always been at the core of dislocation structures in general it also allows us to uncover novel sets of data and to provide straightforward explanations for well known generalizations Further it brings RD along with a set of phenomena which are structurally very similar like afterthoughts or split questions which have been independently argued to display a bisentential structure Under alternative monoclausal approaches to RD the striking similarities between these phenomena must be rendered anecdotal Puffs and Mysteries, Or, The Romance of Advertising, 1855 Max Nordau's Fin-de-siècle Romance of Race Melanie A.
