Jocelyn Powell,2025-04-01 Originally published in 1984 this book recreates the unique atmosphere of the Restoration playhouses in order to demonstrate how theatrical conditions spurred authors into creating new forms of tragedy comedy and opera the techniques of which anticipated the ideas of gestus and alienation first articulated by Bertold Brecht in the 20th century The book explores the ways in which the theories of the time affected the practice showing the crucial importance of Dryden s work in the playhouse and of the collaboration of authors and theatre companies It examines particular texts to highlight the themes and present the spectrum of dramatic experience in action The book which is extensively illustrated also shows how the Restoration style although developed by particular actors and dramatists declined under the commercial pressures of the end of the century **The Black Pack** Artel Great,Artel Kayaru,2025 This book tells the story of how five comedic pioneers Eddie Murphy Paul Mooney Keenen Ivory Wayans Robert Townsend and Arsenio Hall joined forces to revolutionize American popular culture Known as Hollywood s Black Pack they shattered Hollywood norms using sharp social satire to boldly critique America s persistent racial inequalities **Up and Running with AutoCAD**

2026 Robert C. Kaebisch,2025-07-01 Up and Running with AutoCAD 2026 2D and 3D Drawing Design and Modeling presents a combination of step by step instructions examples and insightful explanations The book emphasizes core concepts and practical application of AutoCAD in engineering architecture and design Equally useful in instructor led classroom training self study or as a professional reference the book is written by a long time AutoCAD professor and instructor with the user in mind Strips away complexities and reduces AutoCAD to easy to understand basic concepts Teaches the essentials of operating AutoCAD to help build student confidence Documents commands with step by step explanations including what the student needs to type in and how AutoCAD responds Combines 2D and 3D content in one affordable volume *Geopolitics and Culture* Sanna Turoma,Sigrid Kaasik-Krogerus,Saara Ratilainen,2025-02-15 Inspired by popular feminist subaltern and ecocritical geopolitics *Geopolitics and Culture* Narrating Eastern European and Eurasian Worlds presents new research of

culture in the Eastern European context This volume highlights the symbolic production of power which although located outside political institutions engenders geopolitical boundaries and defines cultural margins Analyzing multilingual materials such as blockbuster films digital visuals blogs and discussion forums print fiction and TV series museum exhibitions and everyday cultural practice this book argues for the importance of studying the links between geopolitical narratives global and regional hierarchies and popular cultural production The contributors advance a decolonizing methodology which challenges the cultural and geopolitical hierarchies inside Eastern Europe and Eurasia while also casting a critical eye on the geopolitical hierarchies of global Anglophone media cultures *The Next Production Revolution* Collectif,2017-05-10 This publication examines the opportunities and challenges for business and government associated with technologies bringing about the next production revolution These include a variety of digital technologies e g the Internet of Things and advanced robotics industrial biotechnology 3D printing new materials and nanotechnology Some of these technologies are already used in production while others will be available in the near future All are developing rapidly As these technologies transform the production and the distribution of goods and services they will have far reaching consequences for productivity skills income distribution well being and the environment The more that governments and firms understand how production could develop in the near future the better placed they will be to address the risks and reap the benefits *The Next Production Revolution Implications for Governments and Business* OECD,2017-05-10 This publication examines the opportunities and challenges for business and government associated with technologies bringing about the next production revolution These include a variety of digital technologies e g the Internet of Things and advanced robotics industrial **Disney and Marvel** Ethan Parker,AI,2025-02-24 Disney and Marvel explores the groundbreaking merger between Disney a family entertainment giant and Marvel a comic book powerhouse and how this alliance reshaped Hollywood and global popular culture The book explains how Disney strategically acquired Marvel to secure valuable intellectual property fueling expansion into new markets and cementing dominance in the entertainment industry For example Marvel s near bankruptcy in the 1990s highlights the precariousness that Disney helped overcome The book uniquely balances both the business and creative angles of the merger examining financial implications alongside creative transformations like adapting comic characters for blockbuster films The book unfolds in three parts beginning with a detailed history of Disney and Marvel before the merger highlighting their respective challenges It then scrutinizes the acquisition itself dissecting the negotiation process and strategic rationale from Disney s perspective Finally it explores the post acquisition era focusing on Disney s integration of Marvel the creation of the Marvel Cinematic Universe MCU and the broader cultural phenomenon of superhero films making it essential for those seeking to understand corporate strategy media trends and the evolution of superhero storytelling

The Colonel and the King Peter Guralnick,2025-08-05 From the award winning biographer of Elvis Presley a groundbreaking dual portrait of the relationship between the iconic artist and his legendary manager drawing on a wealth of

the Colonel's never before seen correspondence to reveal that this oft reviled figure was in fact a confidant friend and architect of his client's success. In early 1955 Colonel Tom Parker, manager of the number one country music star of the day, heard that an unknown teenager from Memphis had just drawn a crowd of more than eight hundred people to a Texas schoolhouse and headed south to investigate. Within days Parker was sending out telegrams and letters to promoters and booking agents: "We have a new boy that is absolutely going to be one of the biggest things in the business in a very short time. His name is ELVIS PRESLEY. Later that year, after signing with RCA, the young man sent a telegram of his own: "Dear Colonel, Words can never tell you how my folks and I appreciate what you did for me. I love you like a father. The close personal bond between Elvis and the Colonel has never been fully portrayed before. It was a relationship founded on mutual admiration and support. From the outset, the Colonel defended Elvis fiercely and indefatigably against RCA executives, Elvis's own booking agents, and movie moguls. But in their final years together, the story grew darker as the Colonel found himself unable to protect Elvis from himself or control growing problems of his own. Featuring troves of previously unpublished correspondence revelatory for both its insights and emotional depth, *The Colonel and the King* provides a unique perspective on not one but two American originals. A tale of the birth of the modern-day superstar, an invention almost entirely of Parker's making, by Peter Guralnick, the most acclaimed music writer of his generation, it presents these two misunderstood icons as they've never been seen before, with all of their brilliance, humor, and flaws on full display."
