High-Stakes Leadership Constance Dierickx, 2017-09-22

What makes some leaders so effective when the stakes are high while others fall short Why are some able to not only survive but to lead their organizations to new heights even in risky fast changing times The answer is succinct but multi layered such leaders display courage judgment and fortitude High stakes leadership does not require unnatural powers nor is it predicated on a dangerous situation The three signature character traits can be cultivated by anyone at any level in any organization big or small Organizational and leadership consultant Constance Dierickx describes high stakes leadership in a simple three part model that illuminates the mindsets strategies and tactics leaders must draw upon to make tough decisions take an unpopular stand or ignore convention providing real world examples across a range of sectors and industries Dierickx developed her model of high stakes leadership to help her clients executives at organizations ranging from start ups to nonprofits to large global companies better define what they need to bring strategy to life This she found is the great gulf in business the vast space between idea and results High Stakes Leadership helps leaders sharpen their ability to act decisively with clarity and focus test ideas using reason and course correct as needed be resolute and inspire others to continue even in the face of challenges Leading requires the courage to make conscious decisions about what to do the judgment to separate information from short term trends and the fortitude to remain true to oneself and one's mission When leaders do these things they also become teachers leading their teams by example often without realizing it The essential aspects of good leadership endure even as the environment and tactics change Indeed courage judgment and fortitude are not merely tools for survival they are the means by which we sculpt the future

Violent Truth Nola Marie, Truth is pain The truth I hide has left me nothing but rage and a need to hurt Until Truth personified by golden curls and innocent haunted eyes walks into my life and lies to me I know nothing about Verity except that she doesn't add up The lies uttered by that luscious mouth don't seem to matter though Because I can't rid myself of this all consuming need for her I try to push her away To make her flee But the more she runs the more I need to hold her close Truth is pain and I learn just how much when Verity reveals her truth to me When her captors drag her back to her gilded cage determined to destroy the beauty of her soul I will hunt them down and before I kill them I will show them what pain truly is No one will hurt my truth and live Previously released as Preserving His Truth WARNING This book is not for the faint of heart It will tear your heart out and stomp on it before putting it back together The characters are not perfect and the heroes are flawed If you're looking for sunshine and rainbows I suggest you try another book But if you want real emotion with a happily ever after then you've found your book TRIGGERS

Brands and Branding Stephen Brown, 2016-08-17 A fun and humorous introductory book written in Stephen Brown's entertaining and highly distinctive style that introduces curious readers to the key components of brands and helps them to begin to make sense of them what

they are what they do why and how using plenty of examples and references drawn from a wide range brands such as Amazon Apple Google Gucci Nike Nintendo Starbucks Swatch and The Worst Hotel in the World With 3 000 branding books published each year why would you or your students want to read Brands Branding Here are seven reasons why It s introductory aimed at undergraduate students or postgrads without a bachelor degree in business and assumes nothing more than readers awareness of high profile brands such as Coca Cola Microsoft and Chanel It s indicative focusing on the basics and thus being a more reliable revision aid than Lucozade It s immersive taking readers on a journey and working on the assumption that they have smartphones or tablet computers to hand the print text links to images articles and academic publications to give emphasis and context where appropriate It s inclusive considering articles and reports but also blogs novels newspapers reviews social media and other sources It s irreverent branding is not always a deadly serious business It s intimate Stephen speaks to you directly and together you will pick your way through the sometimes weird and unfailingly wonderful world of brands and branding using examples rather than abstract ideas to illustrate points It s inspirational celebrating the curious and successful stories of brands from Cillit Bang to Cacharel Suitable for first and second year marketing or advertising students and for those new to or interested in branding and who are keen to know more

The Pennsylvania Railroad Albert J. Churella,2023-11-21 By 1933 the Pennsylvania Railroad had been in existence for nearly ninety years During this time it had grown from a small line struggling to build west from the state capital in Harrisburg to the dominant transportation company in the United States In Volume 2 of The Pennsylvania Railroad Albert J Churella continues his history of this giant of American transportation At the beginning of the twentieth century the Pennsylvania Railroad was the world s largest business corporation and the nation s most important railroad By 1917 the Pennsylvania Railroad like the nation itself was confronting a very different world The war that had consumed Europe since 1914 was about to engulf the United States Amid unprecedented demand for transportation the federal government undertook the management of the railroads while new labor policies and new regulatory initiatives coupled with a postwar

recession would challenge the company like never before Only time would tell whether the years that followed would signal a new beginning for the Pennsylvania Railroad or the beginning of the end The Pennsylvania Railroad The Age of Limits 1917 1933 represents an unparalleled look at the history the personalities and the technologies of this iconic American company in a period that marked the shift from building an empire to exploring the limits of their power **Report of the Royal Commissioners Appointed to Enquire Into Certain Matters Relating to the Civil Service of Canada, 1892** Canada.
