Subcommittee on Postsecondary Education,1975 **Bradstreet's Weekly** ,1893 *Unfinished Business* Matt Bergman,Joann S. Olson,2019-09-01 For at least the last 100 years more than 40% of all students who enrolled in American colleges and universities have not persisted to graduation at four year institutions Their stories are varied but in every case something got in the way of that pursuit Life happened They became one of the nearly 36 million Americans who have some college but no degree For many the stigma of not finishing college is a closely held secret that weighs heavily as they discuss

engage and compete to meet the challenges of the workforce in the 21st century Some weren't ready at age 18 for the focus and commitment that academic studies require Others found opportunities to create income and meet immediate familial needs or requirements Many have excelled despite their lack of a college credential Contrary to the deficit mindset that often permeates the retention and persistence discourse this book highlights the stories of those who successfully returned to what was left unfinished The stories here may challenge your assumptions These are high quality students who demonstrated a compelling and inspiring commitment to their education begun long ago and now completed in some cases decades later As you read don't miss the role that engaged advisors supportive family members and well designed programs such as prior learning assessment played in helping students to the finish line These narratives also demonstrate that it is time for institutions of higher education to imagine and embrace new ways of serving these students well

Leadership Theory and the Community College Carlos Nevarez, J. Luke Wood, Rose Penrose, 2023-07-03 This book presents leaders and aspiring leaders in community colleges with a theoretical and practical framework for analyzing their leadership styles and determining the dimensions of leadership they need to improve in order to strengthen their capacity to resolve complex issues and effectively guide their institutions It does so through presenting theories about leadership that are congruent with the notions of equity access diversity ethics critical inquiry transformational change and social justice that drive the missions of community colleges and at the same time provides the reader with the strategic skills to prepare for and navigate the profound changes ahead Readers will gain an understanding of how to use theory as a tool to guide their practice better understand the intricacies of the issues confronting them the power dynamics and organizational context in which they operate predict potential outcomes and develop processes to achieve desired outcomes Utilizing theory in conjunction with case study analysis provides community college leaders with the tools needed to comprehensively interrogate and inform decision making processes The authors provide a number of rich and realistically complex case studies all of which are situated in a community college environment to which readers can apply the various theories and perspectives develop their view about the principles and actions most likely to lead to satisfactory outcomes and hone the approaches to leadership that are authentic to them and effective The authors aim to help readers develop the multi faceted approach to leadership that is essential to running complex organizations They aim to promote development of the whole leader through a three fold framework of theory practice and introspection in context of institutional change In doing so leaders will be better equipped to lead community colleges in challenging times The authors tie AACC's competencies to the leadership theories they cover as well as to the analysis of the case studies and leadership inventories as an essential framework for developing the skill sets to enact the community college mission The book is suitable for personal reading and reflection institutional leadership retreats and training and as a text for higher education courses
