The Blitz 1940-41 Julian Hale, 2023-08-17 An illustrated history of how the Luftwaffe intended the Blitz to knock Britain out of the war emphasising the German point of view and detailing how Britain's defences and civilians responded The Blitz the German blitzkrieg of Britain's industrial and port cities was one of the most intensive bombing campaigns of World War II Cities from London to Glasgow Belfast to Hull and Liverpool to Cardiff were targeted in an attempt to destroy Britain's military industrial facilities and force it out of the war Most histories of the Blitz concentrate on the civilian experience of life under the bombs or the fighter pilots of the RAF but in military terms the Blitz was also the Luftwaffe's biggest and most ambitious strategic bombing campaign Focusing on both sides this book places particular emphasis on the hitherto under represented Luftwaffe view of the campaign and looks at the new technology and tactics at its heart From the innovative development of specialist night fighters to the Battle of the Beams that pitted German electronic navigation systems against British countermeasures the Blitz demonstrated the effects of developing technology on aerial warfare Describing and analyzing the strategy tactics and operations of both the Luftwaffe and the UK's air defences during the period between September 1940 and May 1941 author Julian Hale demonstrates that for a variety of reasons there was little chance of the Luftwaffe achieving any of its aims Using primary sources spectacular original artwork 3D diagrams and maps this study shines a fresh light on how and why the world's first true strategic air offensive failed

Australian Submarines Vol 2 Michael White, 2015-11-01 The book commences with a discussion of the policy issues as to whether Australia needed submarines and then the decision to buy AE1 and AE2 It then goes through their coming to Australia the tragic loss of AE1 in New Guinea on 14 September 1914 and the bravery and daring of the AE2 crew in penetrating the Dardanelles on Anzac Day in 1915 The history then goes on to deal with the J Class submarines that came to Australia in 1919 the first Oxley and Otway which went to the RN in the Depression in 1931 and the fact that in World War Two Australia had no submarines except for the Dutch K IX whose career ended with a battery explosion in 1944 Then the period of the RN Fourth Submarine Squadron based in Sydney is dealt with including some of the happy memories of those who served in it The book sets out the story of the new RAN submarine arm from 1963 When Oxley S 57 arrived in Neutral Bay Sydney in 1967 so began the new Australian era of submarines The basic dates of the O Boats are outlined along with the building and basic dates of the Collins class The book deals with some of the issues about the intelligence patrols about the Future Submarine and also records the numerous plaques services memorials and museums in Australia and overseas dedicated to Australian submarines and Australian and NZ submariners There is a detailed chapter on special submarine craft such as the X Craft in which some of the submarine heroes like Max Sheean Henty Henty Creer and Ken Briggs served and in some cases died The appendices to this book are numerous and detailed by a strong team from around the world including Garry Mellon Barrie Downer and Pat Heffernan Numerous photographs have been collected and included in the book to fit in with the text from Darren Brown and others

The appendices also list all Australian submariners who have qualified and served up until mid 2014 including those who have died

Stalin's Secret War Robert W. Stephan, 2004 An animated adaptation of the story of the same title by Maurice Sendak in which a small boy makes a visit to the land of the wild things Tells how he tames the creatures and returns home For primary grades

Anglo-American Relations Alan P. Dobson, Steve Marsh, 2013 This book provides an examination of contemporary Anglo American relations Sometimes controversially referred to as the Special Relationship Anglo American relations constitute arguably the most important bilateral relationship of modern times However in recent years there have been frequent pronouncements that this relationship has lost its specialness This volume brings together experts from Britain Europe and North America in a long overdue examination of contemporary Anglo American relations that paints a somewhat different picture The discussion ranges widely from an analysis of the special relationship of culture and friendship to an examination of both traditional e g nuclear relations and more recent e g environment policies Contemporary developments are discussed in the context of longer term trends and contributing authors draw upon a range of different disciplines including political science diplomacy studies business studies and economics Coupled with a substantive introduction and conclusion the result is an insightful and engaging portrayal of the complex Anglo American relationship The book will be of great interest to students of US and UK foreign policy diplomacy and international relations in general

Fighting Nazi Occupation Malcolm Atkin, 2015-09-18 Everyone knows about the Home Guard but what about the other Secret Intelligence Services SIS and M16 You can read about them in this book This England When Winston Churchill made his we shall never surrender speech in 1940 he was speaking in the knowledge that Britain's Secret Intelligence Service was planning a civilian British resistance movement to mobilize after the country had been occupied Britain's planning for clandestine warfare developed out of a fierce battle between the Secret Intelligence Service and the War Office for the control of guerrilla warfare and conflicting ideas over the legitimacy of armed civilians A multi layered system of secret organizations was the result The Auxiliary Units are the best known of these ungentlemanly forces but in this perceptive new study based on painstaking original research Malcolm Atkin clearly demonstrates that they were never intended as a resistance organization Instead they were designed as a short term guerrilla force whilst their Special Duties Branch was designed to spy on the British public as much as any Nazi invader Meanwhile deep in the shadows was the real resistance organization Section VII of SIS Malcolm Atkin's conclusions will cause controversy among military historians and will change our understanding of the preparations made in Britain to resist Nazi occupation in the Second World War A detailed yet accessible historical study ProtoView
