Motivating Self and Others Martin E. Ford, Peyton R. Smith, 2020-10-22 This book describes the essential nature of human motivation by integrating the best ideas and evidence from motivational and evolutionary science In doing so the authors explain how the cultivation of goal life alignment and thriving with social purpose motivational patterns can inspire optimal functioning and enhance life meaning Readers are provided with a comprehensive framework for guiding research and intervention efforts along with motivational principles designed to summarize the major themes in effective efforts to motivate yourself and those you wish to help or encourage Special emphasis is placed on the importance of life meaning in empowering our motivational systems and protecting us from downward spirals of disappointment and suffering Compelling evidence is provided to support the view that social purpose is as fundamental as self interest in human motivational systems The authors also focus on the catalytic role of social purpose in enabling humans to soar above all other species

The Nylon Spinners Stephen Cotgrove, Jack Dunham, Clive Vamplew, 2023-10-13 First published in 1971 The Nylon Spinners presents one of the few detailed and firsthand studies of the impact of productivity bargaining on the shop floor and makes an important contribution to the social and psychological understanding of human behaviour Productivity bargaining has moved far beyond its earlier preoccupation with the wage effort bargain It is becoming increasingly apparent that it may have profound direct effects on the attitudes and expertise of managers on the institutions and climate of industrial relations and on the motivations and satisfactions of operatives The problems of industrial relations are not the primary focus of this study But the growing recognition of the gap between the formal and informal systems on the shop floor and of the limitations of managerial control emphasizes the importance of a deeper understanding of industrial behaviour What motivates men not simply to go to work but to work to the best of their ability This book is essential for students of the behavioral sciences industrial relations labour economics and economics in general

Counseling 21st Century Students for Optimal College and Career Readiness Corine Fitzpatrick, Kathleen Costantini, 2022-02-17 This second edition presents an updated action based curriculum for high school counselors that will meet the needs of 21st century students helping to foster their growth and engage them in learning what they need to succeed beyond high school This book takes a comprehensive developmental approach focusing on 9th 12th grade students rather than solely on those in 11th and 12th grade It provides a model for developing and enhancing a successful college advising office as well as essential advice on methods of working with parents Specific topics discussed include successful transition to 9th grade using technology in the college and career advising process assisting and advising students in college research and application and helping seniors make successful transitions to college There is also a special focus on students in urban and rural schools to enable them to have the same enriched experiences in their college and career advising program as those students in private and suburban schools The curriculum is geared for use by school counselors college advisors and readers in graduate counseling student courses
