and the Wright Brothers had little in common but they all started with a WHY They realised that people won't truly buy into an idea, a movement, a product or a service until they understand the WHY behind it. With a new foreword and updates throughout, like the importance of holding onto our WHY in a social media obsessed world, this 15th anniversary edition celebrates the simple but transformative idea that leads people to inspire greatness. A deep abiding understanding of what you want to inspire and how you want to lead is the basis of this inspirational book. Forbes      **India Today**, 2004
