Netflixed Gina Keating, 2012-10-11 Netflix has come a long way since 1997 when two Silicon Valley entrepreneurs Marc Randolph and Reed Hastings decided to start an online DVD store before most people owned a DVD player They were surprised and elated when launch day traffic in April 1998 crashed their server and resulted in 150 sales Today Netflix has more than 25 million subscribers and annual revenues above 3 billion Yet long term success or even survival is still far from guaranteed Journalist Gina Keating recounts the absorbing fast paced drama of the company's turbulent rise to the top and its attempt to invent two new kinds of business First it engaged in a grueling war against video store behemoth Blockbuster transforming movie rental forever Then it jumped into an even bigger battle for online video streaming against Google Hulu Amazon and the big cable companies Netflix ushered in such innovations as DVD rental by mail a patented online queue of upcoming rentals and a recommendation algorithm called Cinematch that proved crucial in its struggle against bigger rivals Yet for all its success

Netflix is still a polarizing company. Hastings is often heralded as a visionary; he was named Business Person of the Year in 2010 by Fortune. Even as he has been called the nation's worst CEO, Netflix also faces disgruntled customers after price increases and other stumbles that could tarnish the brand forever. The quest to become the world's portal for premium video on demand will determine nothing less than the future of entertainment and the Internet. Drawing on extensive new interviews and her years covering Netflix as a financial and entertainment reporter, Keating makes this tale as absorbing as it is important.

My Dirty California Jason Mosberg, 2023-08-22 In this literary thriller, a young man descends into the Los Angeles underworld to find his family's killer, aided by a group of strangers with their own shadowy pasts. When Marty returns to Pennsylvania after living in California for ten years, he's happily welcomed by his father and older brother Jody. The joyful reunion is short-lived. Two days later, Jody enters the house to find his father and Marty shot dead as their masked killer flees out the back door. Without any answers from the local police, Jody heads to Los Angeles looking for who murdered his family and why. Soon he finds a trove of strange videos recorded by his brother that leads him into the city's most dangerous corners, where he comes up against drug dealers, crooked cops, surf gangs, and black market profiteers. As his investigation expands, it also intersects with Pen, a documentary filmmaker who suspects humanity is living in a simulation and that her missing father found a portal to escape. Renata, an undocumented immigrant who might have evidence to support Pen's theory, and Tiph, a young mother whose desperate efforts to support her only child via a stolen art stash could prove the key to answering all these mysteries. *My Dirty California* is a cinematic suspenseful, intricately plotted thriller that explores the darker side of the glamorous Golden State.
