commanding the forces have to make the decisions at the strategic level that determine the context of any battles that occur. The outcome of these battles will in turn have strategic consequences for the ongoing campaign. Although campaigns can be very rewarding, many wargamers are deterred by the need to produce maps and devise mechanisms for strategic movement, intelligence, logistics, recruiting reinforcements, keeping track of casualties, etc. Henry Hyde's excellent book greatly eases this task with masses of sound advice, concrete suggestions, and even a full set of campaign rules useful for any period. Whatever historical or fantasy setting you prefer, Henry shows that even simple campaigns can add extra fun to your gaming. Praise for Wargaming Campaigns. Graber, Johanna Dunaway, 2017-08-08. *Mass Media and American Politics* is the most comprehensive and best book for political communication. This text has made it easy for my students to learn about research and theory related to political journalism and the political communication system in America. It has great utility and insight while being comprehensive but not overwhelming for students. Jason Martin, DePaul University. This Tenth Edition is thoroughly updated to reflect major structural changes that have shaken the world of political news and examines the impact of the changing media landscape. It includes timely examples from the 2016 election cycle to illustrate the significance of these changes. This classic text balances comprehensive coverage and cutting edge theory, shows students how the media influence governmental institutions and the communication strategies of political elites, and illustrates how the government shapes the way the media disseminate information. Written by Doris A. Graber, a scholar who has played an enormous role in establishing and shaping the field of mass media and American politics, and Johanna Dunaway, this book sets the standard. **FREE POSTER** Fact or Fiction: Use this checklist to avoid the pitfalls posed by the rise of fake news. *Hired to Fight, Hired to Win* Dennis W. Johnson, 2015-06-26. When it comes to elections, campaigns matter. And despite the ever-increasing role of volunteers and amateurs, modern American political campaigns are a professional affair. Understanding how they are run and how campaign strategies are set requires an in-depth analysis of what political consultants do, from opposition research to public opinion polling and from directing media strategies to mobilizing voters with fundraising, a priority at all stages. At all levels of the electoral arena, modern sophisticated campaigns cannot hope to be effective without the guiding disciplines of professional consultants. This thoroughly updated edition of Dennis W. Johnson's classic text, originally titled *No Place for Amateurs*, highlights the growing importance of social media, targeting, and analytics.
