Reimagining Customer Service in Healthcare Jennifer L. FitzPatrick, MSW, CSP, 2023-02-28 Do you look forward to your next hospitalization or medical procedure If not you are far from alone Very few people enjoy needing a doctor physical therapist or other healthcare provider Even fewer look forward to needing a hospital assisted living home health or hospice services for themselves or their loved ones Dread of interacting with the healthcare system has skyrocketed because of the pandemic Distrust in public health officials and agencies is at an all time high Patients have died alone in the hospital because of ongoing COVID 19 policies Some outpatient health and mental health providers still refuse to see patients in person Prior to March 2020 patients dreaded the thought of needing healthcare services Now several years after waiting for things to get better they hate the thought of needing these services even more Reimagining Customer Service in Healthcare helps leaders and clinicians transform their organizations with simple creative strategies

The results Previously reluctant uneasy and resistant patients clients and family caregivers become less stressed and more trusting Harnessing Emotion AI for Customer Support and Employee Wellbeing Mrabet, Jihene,Boudagga, Soumaya,Sharma, Ridhima,Bansal, Rohit,2025-07-10 Emotion AI transforms the way organizations interact with both customers and employees by enabling systems to recognize interpret and respond to human emotions In customer support emotion AI creates more empathetic and responsive service experiences by analyzing voice tone facial expressions and text sentiment to tailor interactions in real time In the workplace it enhances employee wellbeing by monitoring stress levels detecting burnout signals and promoting mental health through support systems By integrating emotion AI into business operations businesses may improve service quality while fostering a healthier more emotionally intelligent work culture Harnessing Emotion AI for Customer Support and Employee Wellbeing explores how advanced AI can drive positive changes in business operations environmental sustainability and personal well being It delves into the transformative potential of emotion AI designed to analyze and respond to human emotions This book covers topics such as digital technology service sectors and sentiment analysis and is a useful resource for business owners computer engineers academicians researchers and data scientists *ChatGPT eBook* GURMEET SINGH DANG, **Selling in Customer Service** Leon Cai,2024-08-27 Service in this book refers to the behaviors and actions of serving customers Selling in this book refers to the behaviors and actions of selling products to customers Hence this book is completely different from other books on these subjects Despite the fact that there are many books on service improvement and many related to selling skills worldwide there are few books on how service and selling are integrated and coordinated Primarily it focuses on the interaction and transition between the behavior of service and the behavior of selling by sharing methods and skills of how those two are interrelated This book provides many helpful guidelines and solutions for turning customers satisfaction with service into growth in sales Through many refreshing ideas the author helps you deeply understand the significance of integration of and conversion between service and selling and the harm of disconnection between service and selling Many new ideas and viewpoints which are different from other service books or sales books are discussed such as the contention that over service and over selling should be prevented Instead of Giving highly complex and abstract definitions of service or selling this book redefines service and selling with say YES to customers and Make customers say YES respectively Insisting that customers satisfaction with service will naturally lead to their long term loyalty this book emphasizes that customers satisfaction with service has a shelf lifetime which will soon fade over time Taking the achievement of customer satisfaction as the final purpose of service the author believes that the end of service is not customer satisfaction but to create new customer needs and achieve increased sales Taking meeting or exceeding customer expectations as the golden rule the author insists that customer expectations need to be reduced first then satisfied and upgraded finally Focusing on the development of customers buying needs like other books do this book focuses oppositely on the research of why customers have no buying needs Computational

Intelligence Methods for Sentiment Analysis in Natural Language Processing Applications D. Jude Hemanth, 2024-01-19

Sentiment Analysis has become increasingly important in recent years for nearly all online applications. Sentiment Analysis depends heavily on Artificial Intelligence (AI) technology wherein computational intelligence approaches aid in deriving the opinions and emotions of human beings. With the vast increase in Big Data, computational intelligence approaches have become a necessity for Natural Language Processing and Sentiment Analysis in a wide range of decision-making application areas. The applications of Sentiment Analysis are enormous, ranging from business to biomedical and clinical applications. However, the combination of AI methods and Sentiment Analysis is one of the rarest commodities in the literature. The literatures either give more importance to the application alone or to the AI/CI methodology. Computational Intelligence for Sentiment Analysis in Natural Language Processing Applications provides a solution to this problem through detailed technical coverage of AI-based Sentiment Analysis methods for various applications. The authors provide readers with an in-depth look at the challenges and solutions associated with the different types of Sentiment Analysis, including case studies and real-world scenarios from across the globe. Development of scientific and enterprise applications are covered, which will aid computer scientists in building practical real-world AI-based Sentiment Analysis systems. Includes basic concepts, technical explanations, and case studies for in-depth explanation of the Sentiment Analysis. Aids computer scientists in developing practical real-world AI-based Sentiment Analysis systems. Provides readers with real-world development applications of AI-based Sentiment Analysis, including transfer learning for opinion mining from pandemic medical data, sarcasm detection using neural networks in human-computer interaction, and emotion detection using the random forest algorithm.

Programs and Tools to Improve the Quality of Mental Health Services Barbara L. Kass-Bartelmes, 2008-05. Major depressive disorder is the leading cause of disability among adults; suicide ranks as the second leading cause of death among those ages 10-17. In any given year, over 2 million Americans suffer the symptoms of schizophrenia, but more than half do not receive appropriate treatment. Mental health (MH) professionals have expressed concern that education/training programs have not kept up with changes in health care over the past 15 years. As a result, those receiving care may not be benefiting from recent advances. This report focuses specifically on AHRQ-funded research that has led to the development of programs, methods, and tools for evaluating/improving the quality of MH services, improving the education of MH professionals.
