New Testament Exposition:

The Bible Exposition Commentary Warren W. Wiersbe, 2003 With this final installation in this six volume set Dr Wiersbe has covered the entire Bible

New Testament Exposition Walter L. Liefeld, 1989-06-13 Expository preaching is an elusive ideal Many preachers aspire to it few are acknowledged masters For most a gap exists between the sermon that addresses the needs of the hearers and one that methodically plumbs the depths of Scripture New Testament Exposition is written to bridge this gap and bring together the disciplines of preaching and exegesis In this book Liefeld addresses the three main concerns of expository preaching What is the text saying How can its message be communicated in ways that are appropriate to the passage the seeing and the goals of the sermon How can the message meet the real needs of the congregation in a way that is consistent with the purpose and function of the text This book demonstrates how these concerns can be brought together in a sermon and it is this thoughtful practical approach that makes the book so valuable to preachers and seminarians The book is divided into three parts Part I explores the characteristics of expository preaching Part II deals with preparing the text and addresses such areas as practical exegesis exegetical outlines narratives and compositional patterns semantic patterns and underlying assumptions of the text Part III discusses application of the text by asking What is the function of the text What are the needs of the congregation How can one preach to inner heart needs as well as to the external circumstances facing the congregation New Testament Exposition is not vague theory nor is it esoteric study beyond the grasp and time of the busy pastor Throughout the book Dr Liefeld reflects his experience in the classroom and pulpit and his concerns as scholar and pastor are clearly seen in the final chapters of this volume Chapter 9 examines preaching from difficult texts How might one handle parables miracle stories obscure passages culturally related texts The final chapter provides a demonstration of all that is discussed throughout the book by walking the road through the actual preparation for a sermon

New Testament Exposition Walter L. Liefeld, 1984 This study examines some key approaches to ecumenical social ethics in the past century as expressed in the thought of Walter Rauschenbusch Reinhold Niebhuur and the World Council of Churches The author argues that unless Christians are clear about the ways that theology and philosophy relate to one another and work themselves out in our practical commitments we will lose the ability to discuss social ethics as individuals and churches let alone reach effective arguments

Wiersbe, 2004 With this final installation in this six volume set Dr Warren Wiersbe has covered the entire Bible Anthologizing his exhaustive Be Series Dr Wiersbe has written one of the most outstanding commentary collections of all time This volume also contains materials from Song of Solomon and Psalms This tremendous commentary series is ideal for pastors and teachers but is also user friendly for laypersons

Journey Through God's Word Eric Shaban,2021-02-15 Do you really know what the Bible is about Are you making a decision that could affect you for eternity without even understanding what awaits you Do you know the true meaning of life and eventually death Deep down do you feel the love mercy and grace of Almighty God If you haven't read and studied God's Word you're missing out on the greatest book ever written In its pages you will meet some of the greatest heroes of all time such as Paul John James and the most important person of all the Son of God Himself Jesus Christ The wisdom recorded in God's Word will carry you through every encounter in life and give you strength to get through any day Even though it was written thousands of years ago it has applications for your life that are extremely relevant right now You won't just learn how to come to a saving faith in the Lord Jesus Christ but also how to live a fulfilled life that could only come from the Creator of the universe This book will come alive before your very eyes In more than thirty years of study I've found practical answers to every encounter life has thrown my way If you don't know Jesus as your Lord and Savior my hope is that this book will lead you in His direction If you do believe my prayer is that you'll come to see that Christianity is about more than attending church on Sunday and that you'll find the joy that is made complete in the Word of God **Learn to Read New Testament**
