The Metaphysics of Power Anthony E. Mansueto,2025-03-18 Mounting a searing critique of Martin Heidegger and Carl Schmidt and their broader influence on the contemporary Left including the work of Giorgio Agamben Alain Badiou and Slavoj i ek Anthony Mansueto s The Metaphysics of Power argues that the common flaw of all contemporary political projects Left and Right is a narrow strategic focus on achieving and holding state power This focus is grounded in a doctrine of sovereignty divine and human rooted in a decisionist political theology which derives ultimately from Paul of Tarsus and which made historic Christianity from the beginning an ideology of empire In the place of this decisionist political theology he proposes that we understand Being and thus God as a relational transformative generativity that acts only as final cause and only from outside space and time making even divine sovereignty logically impossible Seeking to become God but trapped in a contingency that cannot be transcended we create structures that attempt divinity by means of exploiting and oppressing others structures which like the commodification of labor power ultimately strip us of our humanity making resistance impossible And yet we are also lured by the incredible beauty of God to mend the torn fabric of the universe to build and rebuild relationships and institutions which challenge and nurture us and thus to ripen a contingent being that will always fall short of its end but is capable of finding meaning and joy nonetheless

Sherlock Holmes - The Hero With a Thousand Faces: Volume 1 David MacGregor, 2022-06-07 Sherlock Holmes The Hero With a Thousand Faces ambitiously takes on the task of explaining the continued popularity of Arthur Conan Doyle s famous detective over the course of three centuries In plays films TV shows and other media one generation after another has reimagined Holmes as a romantic hero action hero gentleman hero recovering drug addict weeping social crusader high functioning sociopath and so on In essence Sherlock Holmes has become the blank slate upon which we write the heroic formula that best suits our time and place Volume One looks at the social and cultural environment in which Sherlock Holmes came to fame Victorian novelists like Anthony Trollope and William Thackeray had pointedly written novels without a hero because in their minds any well ordered and well mannered society would have no need for heroes or heroic behavior Unfortunately this was at odds with a reality in which criminals like Jack the Ripper stalked the streets and people didn t trust the police who were generally regarded as corrupt and incompetent Into this gap stepped the world s first consulting detective an amateur reasoner of some repute by the name of Sherlock Holmes who shot to fame in the pages of The Strand Magazine in 1891 When Conan Doyle proceeded to kill Holmes off in 1893 it was American playwright director and actor William Gillette who brought the character back to life in his 1899 play Sherlock Holmes creating a sensation on both sides of the Atlantic with his romantic version of Holmes and cementing his place as the definitive Sherlock Holmes until the late 1930s By that point Sherlock Holmes had developed a cult following who facetiously maintained that Holmes was a real person formed clubs like The Baker Street Irregulars and introduced the idea of cosplay to the embryonic world of fandom These well educated fanboys subsequently became the self assigned protectors of Sherlock Holmes anxious that their version of the character not be besmirched or defamed in any way In spite of this there was considerable besmirching and defaming to be seen in the early silent films featuring Sherlock Holmes which effectively turned him into an action hero due to the lack of sound When sound films took the industry by storm in the late

1920s there were a numbers of pretenders who reached for the Sherlock Holmes crown including Clive Brook Reginald Owen and Raymond Massey but it took more than a decade before a new definitive Sherlock Holmes would be crowned in 1939 in the person of Basil Rathbone *The American Brother (Volume 1 of 2) (EasyRead Super Large 18pt Edition)* , **The Crooked Little Pieces: Volume 1** Sophia Lambton,2022-05-25 Lost are the creatures destined never to be understood 1926 Professor Josef van der Holt obtains a post at an all women s college overseas Stuffy London suddenly becomes the site for the unseemly exploits of his half Dutch and half German daughters Anneliese and Isabel When tragedy carves out a hollow in their lives an ailing soul sends the sororal twins along a jagged path while Isabel takes flight in sensual hedonism Anneliese skirts danger in her role as sleuth Elusive are the sentiments they seek swift stopovers of fleeting feeling Seditious loves and passions scarcely probable veer each away from the predictable And when the obvious appears unstoppable the opposite may achingly be true Spanning the twentieth century s five most volatile decades *The Crooked Little Pieces* is a series about inextricable entanglements Perverse relationships pervade a glossary of scenes Plots criss cross over a rich tapestry of twists and tension fuelling characters some relatable others opaque and many crooked It is television drama Novelised **Voices of the Women's Health Movement, Volume 1** Barbara Seaman,Laura Eldridge,2012-02-14 An unprecedented and definitive collection of rabble rousing writings on women s health *Voices of the Women s Health Movement* explores a range of provocative topics from reproductive rights to sexuality to motherhood Trail blazing advocate Barbara Seaman and health activist Laura Eldridge bring the revolutionary ideas of several generations together in this powerful new book celebrating women s bodies and women s voices The more than two hundred contributors include Jennifer Baumgardner Susan Brownmiller Phyllis Chesler Angela Y Davis Barbara Ehrenreich Germaine Greer Shulamith Firestone Charlotte Perkins Gilman Erica Jong Molly Haskell Shere Hite Susie Orbach Judith Rossner Alix Kates Shulman Gloria Steinem Sojourner Truth Rebecca Walker Naomi Wolf and many others With *Voices of the Women s Health Movement* for the first time every woman and girl can experience in one place the powerful history of stirring words and strong female perspectives that have inspired countless women to take control of their health and their lives Volume One highlights include influential writings on birth control menstruation pregnancy and birthing motherhood menopause abortion and lesbian bisexual and transgender health
