Nice Book Deciphering New Antisemitism Studies:

Deciphering the New Antisemitism Alvin H. Rosenfeld, 2015-12-09 Deciphering the New Antisemitism addresses the increasing prevalence of antisemitism on a global scale. Antisemitism takes on various forms in all parts of the world and the essays in this wide ranging volume deal with many of them. European antisemitism, antisemitism and Islamophobia, antisemitism and anti Zionism and efforts to demonize and delegitimize Israel. Contributors are an international group of scholars who clarify the cultural, intellectual, political and religious conditions that give rise to antisemitic words and deeds. These landmark essays are noteworthy for their timeliness and ability to grapple effectively with the serious issues at hand.

How Young Holocaust Survivors Rebuilt Their Lives Françoise S. Ouzan, 2021-12-22 Shines light to the world through the individual stories of people who came through darkness, a book of courage, strength and inspiration. The Jerusalem Report Drawing on testimonies, memoirs and personal interviews of Holocaust survivors, Françoise S. Ouzan reveals how the experience of Nazi persecution impacted their personal reconstruction, rehabilitation and reintegration into a free society. She sheds light on the life trajectories of various groups of Jews including displaced persons, partisan fighters, hidden children and refugees from Nazism. Ouzan shows that personal success is not only a unifying factor among these survivors but is part of an ethos that unified ideas of homeland, social justice, togetherness and individual aspirations in the redemptive experience. Exploring how Holocaust survivors rebuilt their lives after World War II, Ouzan tells the story of how they coped with adversity and psychic trauma to contribute to the culture and society of their country of residence.

Understanding Willing Participants, Volume 2 Nestor Russell, 2018-12-27 Horrified by the Holocaust, social psychologist Stanley Milgram wondered if he could recreate the Holocaust in the laboratory setting. Unabated for more than half a century, his famous results have continued to intrigue scholars. Based on unpublished archival data from Milgram's personal collection, volume one of this two volume set introduces readers to a behind the scenes account showing how during Milgram's unpublished pilot studies he step by step invented his official experimental procedure, how he gradually learnt to transform most ordinary people into willing inflicters of harm. The open access volume two then illustrates how certain innovators within the Nazi regime used the very same Milgram like learning techniques that with increasing effectiveness gradually enabled them to also transform most ordinary people into increasingly capable executioners of other men, women and children. Volume two effectively attempts to capture how step by step these Nazi innovators attempted to transform the Führer's wish of a Jewish free Europe into a frightening reality. By the book's end, the reader will gain an insight into how the seemingly undoable can become increasingly doable.

Dreams Deferred Cary Nelson, 2016-07-11 Dreams Deferred arrives as debates about the future of the Middle East and the Israeli-Palestinian conflict intensify under the extraordinary pressure of a region in chaos. The book empowers readers to be informed participants in conversations and debates about developments that increasingly touch all of our lives. Its sixty concise but detailed essays give facts and arguments to assist all who seek justice for both.

Israelis and Palestinians and who believe the two state solution can yet be realized Inspired both by the vision of a democratic Jewish state and by the need for Palestinian political self determination the book addresses the long history of the Israeli Palestinian conflict and its current status It demonstrates that the division and suspicion promoted by the Boycott Sanctions and Divestment BDS movement will only undermine the cause of peace Antisemitism in Online Communication Matthias J. Becker, Laura Ascone, Karolina Placzynka, Chloé Vincent, 2024-06-21 The normalisation of hate speech including antisemitic rhetoric poses a significant threat to social cohesion and democracy While global efforts have been made to counter contemporary antisemitism there is an urgent need to understand its online manifestations Hate speech spreads easily across the internet facilitated by anonymity and reinforced by algorithms that favour engaging even if offensive content It often takes coded forms making detection challenging Antisemitism in Online Communication addresses these issues by analysing explicit and implicit antisemitic statements in mainstream online discourse Drawing from disciplines such as corpus linguistics computational linguistics semiotics history and philosophy this edited collection examines over 100 000 user comments from three language communities Contributors explore various facets of online antisemitism including its intersectionality with misogyny and its dissemination through memes and social networks Through case studies they examine the reproduction support and rejection of antisemitic tropes alongside quantitative assessments of comment structures in online discussions Additionally the volume delves into the capabilities of content moderation tools and deep learning models for automated hate speech detection This multidisciplinary approach provides a comprehensive understanding of contemporary antisemitism in digital spaces recognising the importance of addressing its insidious spread from multiple angles

Understanding Interreligious Relations David Cheetham, Douglas Pratt, David Richard Thomas, David Thomas, 2013-11 Understanding Interreligious Relations is a multi authored volume that explores the theme of the religious other from the perspective of five major religions Hinduism Judaism Buddhism Christianity and Islam and discusses a range of issues in which interreligious relations are central These include conversion the impact and nature of religious extremism the contemporary development of inter religious dialogue the dynamics operating between majority and minority religious groups belonging to more than one religion or faith tradition examples of cross religious co operation religion in the public domain and the task of peace building among others In a religiously plural world how different religious communities get along with one another is not just an academic question it is very much a focus of socio political and wider community attention The challenge to understand interreligious relations is of critical importance in today s world *Safety through Solidarity* Shane Burley, Ben Lorber, 2024-06-04 Two activist journalists present a progressive intersectional approach to the vital question What can we do about antisemitism Antisemitism is on the rise today From synagogue shootings by white nationalists to right wing politicians and media figures pushing George Soros conspiracy theories it s clear that exclusionary nationalist movements are growing By spreading division and fear they put Jews along with other marginalized groups and

multiracial democracy itself at risk And since the outbreak of war in Gaza debates around antisemitism have become more polarized and high stakes than ever How can we stand in solidarity with Palestinians seeking justice while also avoiding antisemitism and resisting those who seek to conflate the two How do we forge the coalitions across communities that we need in order to overcome the politics of division and fear Using personal stories historical deep dives front line reporting and interviews with leading change makers Burley and Lorber help us break the current impasse to understand how antisemitism works what s missing in contemporary debates and how to build true safety through solidarity for Jews and all people

A Group Analytic Approach to Understanding Mass Violence Bennett Roth,2018-10-04 A Group Analytic Approach to Understanding Mass Violence makes an analytic examination of the enactment of genocide by Nazi Germany during World War II to explore how mass and state sponsored violence can arise within societies and how the false beliefs that are used to justify such actions are propagated within society Bennett Roth makes use of Bion s concept of Hallucinosis to describe the formation of false group beliefs that lead to murderous violence Drawing on both group analysis and psychoanalysis Roth explores in relation to genocide how people form and identify with groups the role of family groups how conflict can arise and be managed how violence can arise and be justified by false beliefs how we can best understand these dysfunctional group dynamics to avoid such violence A Group Analytic Approach to Understanding Mass Violence will be of great interest to all psychoanalysts and group analysts seeking to understand the role of false beliefs in their patients and society more generally It will also be of interest to students and scholars of Holocaust studies programs or anyone seeking to understand the perpetration of genocide in the past and present
